Matrix Pro
The ideal sit-to-stand desk

Is your office healthy?

Are you still standing up? Good. Now look around in your office. How many people are sitting on their chairs? Office staff frequently sit over 10 hours each day. It has become an element of our modern lifestyle and an extremely unhealthy development.

Matrix Pro can be easily and quickly transformed from a comfortable sitting desk into an active standing workstation making alternative between working sitting and standing both simple and attractive!

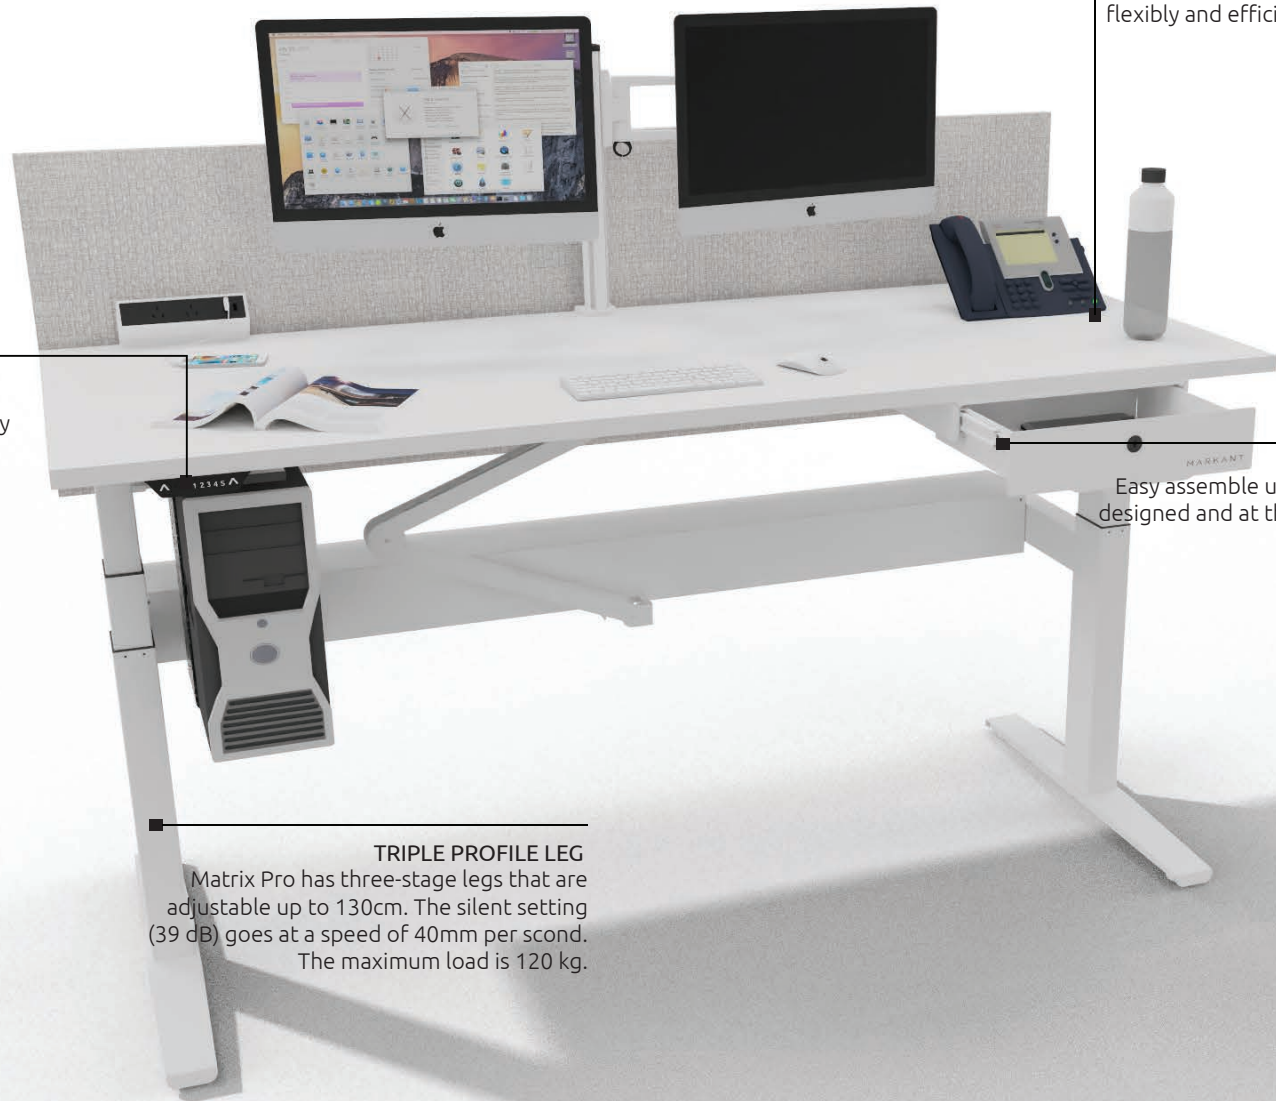

An entire range of configurations.

Matrix Pro can be divided into two categories: Basic configurations and Executive configurations which consist of variety of range from single to combi and also available in 90° and wing range.

Suitable for Individual needs.

Matrix Pro frame has a robust apperance thanks to the rectangular column of 95x60 mm.

HANDSET
Matrix Pro is equipped with a very user-friendly and environmentally friendly handset. The standby power is less than 0.1w.

WORKTOP
Available in various dimensions and materials. This enable the user to organize office space flexibly and efficiently.

APPLE DRAWER
Easy assemble under the tray, compact and stylish designed and at the same time spacious enough for storing personal items.

TRIPLE PROFILE LEG
Matrix Pro has three-stage legs that are adjustable up to 130cm. The silent setting (39 dB) goes at a speed of 40mm per scond. The maximum load is 120 kg.

Table topless

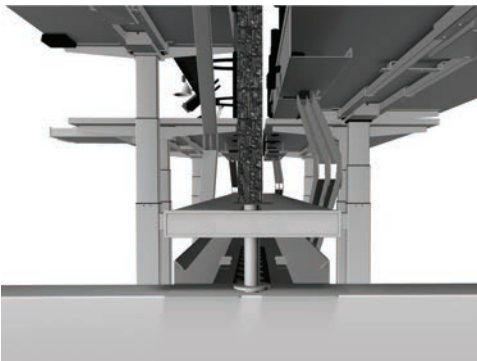

Ideal for combinations of workplaces in small spaces.

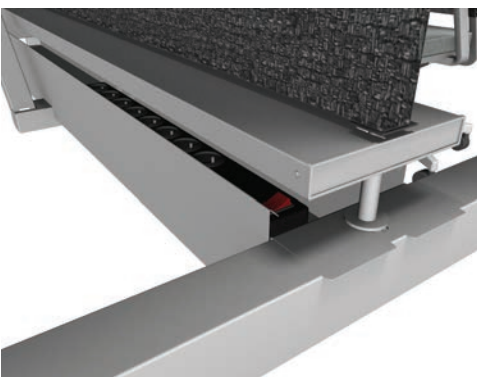

Matrix Pro is also available in variety workplaces by combining 2 or 3 or more workplaces in 1 desk with an adjustment range of 65 - 130cm in height.
