To Whom It May Concern:

It is with great pleasure I write this letter in support of Jessica Benson. I have had the opportunity to work with Jessica the last year at the American International School of Utah. At AISU Jessica has been employed as a 1st-3rd grade Teacher. I feel very fortunate to have the opportunity to work with Jessica and in having her be part of our AISU team.

Jessica has provided essential instruction for our students. She has continued to impress me with her classroom management, dedication to students, and organization. She has worked diligently in collaborating with her team in the Montessori environment. To say that Jessica goes above and beyond for her students is an understatement. Her expertise has shone through as she caringly worked with students to help the gain confidence in their academic and social environment. Jessica started as the lead teacher part way through the year. She was able to jump into the role and take charge of the classroom to provide a safe and welcoming environment for her students.

The most impressive aspect of Jessica's teaching is her love of the students. Her students feel at home in her presence and are compelled to do their best. Jessica is a team player who is first to volunteer to help with new challenges and is open to new opportunities for the betterment of the school and her students. Any school would be lucky to have her be a part of their team.

Please feel free to contact me should you require more information.

Best Regards,

Katie Hedman
