

To Whom It May Concern,

I am very pleased to be able to write this letter of recommendation for Ms. Jessica Benson. She has a wonderful sense of dedication to her students.

Ms. Benson has shown a willingness to go above and beyond expectation in order to help her students succeed. She considers activities that she students enjoy and incorporates them into classroom assignments. On one occasion she watched a fun family movie with her students and then they used it to break down the points of a story, and character development as a group.

Ms Benson has shown creativity with classroom projects. Several students were very excited about the handprints that they could earn to include as a part of the classrooms mural. Her use of sea creatures and outer space in her décor was both interesting and inspiring to her students' imaginations.

Something that has been very helpful this year has been Ms. Bensons willingness to work with parents, behavioral staff and school counselors to ensure her students safety and success.

Please feel free to contact me with any further questions.
