Como Building Products **Security Series Access Panels**

The Como Building Products **Security Series Access Panels** are available in three different models – **High, Medium** and **Low** to specifically suit the risk level of the project.

The Como Security Access Panels are all supplied with:

- High quality Lockwood locks
- Keyed alike construction cylinders across all models
- Fully welded heavy duty steel components, including anti-ligature and anti-tamper features on all models
- Three standard sizes (300, 450 or 600mm) or customised sizing on request.
