

Will you join us?

Dutch integration course

Zorgcampus is a school built on a human scale for education in healthcare and integration. We have set up an engaging program where you will have many practical conversations in Dutch. You can immediately use what you learned: in the shop, on the street, on public transport, at work, on the phone or at the schoolyard.

We are more than happy to help you with your educational or career choice after your Dutch integration course has ended.

Learning must be fun

You are our main focus

We pay attention to everyone's needs. We listen to what you want to learn and how you want to learn it.

We will help you if it gets difficult and make sure that you are well prepared for the exams.

We work in groups of 11-15 participants.
