

JOSHUA COLLINS

DEMOCRAT ★ WASHINGTON-10

PRESS RELEASE - CO-ENDORSEMENT

November 18th, 2019

FOR IMMEDIATE RELEASE:

The Joshua Collins Campaign is pleased to announce that we are Co-Endorsing the **Lauren Ashcraft (NY-12)** campaign! Lauren will also be **merging her policy efforts with ours**. That means that she will join us at the table, bringing our revolutionary policy demands to her NY race, as well as contributing tons of important ideas to make sure we're not leaving *anything* out.

SHE IS THE FIRST OF MANY TO COME.

Wanna sit with us? Candidates interested in endorsement may submit themselves for consideration by emailing endorsement@joshua2020.com. We understand it is *not a traditional approach*, but we are only endorsing folks who adopt [our platform](#). We do our vetting in this house, and we are extremely impressed with our endorsed candidates. They will continue to bring depth on issues that really matter and almost *never* get attention. **You can learn more about Lauren on her website!**

We are so excited to bring truly socialist policy and activism from coast to coast! Our campaigns will be joining forces to create the most comprehensive socialist platform in US history; demanding nothing less for the working class!

"IT'S TIME TO FEARLESSLY LEAD WHERE THE PARTY NEEDS TO GO!"
