**Share, inspire, have fun!
With CTOUCH by your side.**

CTOUCH®

Super user-friendly interface
Even non tech-savvy people can do a fearless presentation.

Share content wirelessly with any device
Via an app or web-based. Just type in one simple code to unlock the magic of Voila. Secure, reliable, productive.

Infinite whiteboard and annotation functionality
Write, mark, annotate directly on the touchscreen. And the best part is: you'll never run out of writing space.

Human presence detection
Nobody there? The screen automatically turns off. Ready for your next meeting? The screen turns on again when you enter the room.

A rock solid solution
The Leddura 2Share Essentials is based on a modular platform. We call it BRIX. So, whenever your needs change, the touchscreen can grow with you. Futureproof it is!

Top-notch JBL® Live Stage (Virtual) Surround Sound
The integrated 80 W JBL® speakers deliver Live-stage (virtual) Surround sound. Unlike anything else you've ever experienced at work!

Go for wireless sharing

It's time to shake things up in the meeting room! Let the Leddura 2Share Essentials bring more interaction in your team meetings. Designed to share digital content within seconds. Wirelessly and safely. Combine your presentations with the infinite whiteboard and annotation tool. Walk up to the board and let your team's ideas flow. This interactive touchscreen makes collaboration easy and fun!
