### JABRA EVOLVE KEY PRODUCT BENEFITS

#### Made for voice and music

*World-class speakers made for your voice and your music*  
Truly made for both voice and music with world-class microphone and speakers so you are free to choose if you want to be in your own concentration zone or actively participate in voice-based collaboration.

#### Ultimate noise cancellation

*Protects you against high frequency noise*  
Ultimate noise cancellation gives you protection from high frequency noise such as human voices just by wearing the headset due to specially designed speaker cushions.

#### Easy Call Management

*Intuitive in-line controller for greater call control*  
Jabra headsets with in-line call controller give end users greater productivity and convenience, with large buttons and LED indicators for quick access. Pick up or end calls, control volume or mute, or simply mute the line. Plus, all buttons are user-programmable.

#### Busy light

*Avoid call interruptions with the busy light indicator*  
The Jabra busy light helps you to cope with the challenges of an open office environment and let people clearly know that you are on the phone. The indicator turns red when you are on a call and keeps you from being interrupted.

#### Discreet boom arm

*Switch your office headset into a personal headset*  
Discreet boom arm can be seamlessly integrated into the headband when not on a call or when on the go – so you can easily turn your office headset into a personal headset.

#### Works with all mobile devices

*Easy connectivity to your favorite personal smart device*  
3.5mm jack gives you total flexibility to connect your corded headset to a PC, smartphone, tablet or favorite personal communication device.
