

Strategic planning in your school

Now that you have recorded where you are as a school, what are your next steps to continue to achieve greatness? It is likely that parts of these will be added to your school charter. This documentation may also be used to develop budgets for professional learning or opportunities in the school relating to implementation of Digital Technologies.

Criteria	Where are we at? E.g. pre-emerging, emerging etc	<u>Which Principle of the Treaty of Waitangi does this reflect and how?</u> If you aren't sure what do you need to do?	<u>How are you supporting inclusive practice in schools?</u>	What is our goal and what date would we like to have achieved this?	What steps will we take to get there?
Professional Learning					
Teaching and Learning					
Technology and Infrastructure					
Pedagogical approach					
Whānau engagement					

From the above, it is advised an area is chosen to focus on.

Focus Area	Where are we at as a school, what evidence is there to show we are at this stage?

To do List:

In order to continue to grow, what do we need to do when?

Specific action to take	Date to be achieved by	Resources required	Person in charge
