Doubling

The roles of Friend and Sidekick appear only in the first scene. Good pairings are possible with the Crustaceans. Or Friend and Sidekick could also team up one each with Shoo Fly and Dragon Fly joining in on the Buzz/Float lines. Or could appear as swamp spectators in the Cheer-Off scene.

Feather Scarlet/Fairy Godperson can also be doubled with some quick changes.

A note on casting

Frieda & Real Princess should be cast as female or non-binary roles. All other roles may be adjusted as appropriate to the actor or character as you will. Feel free to change pronouns as appropriate.

Cheers

The birds, the flies, and frog friends each perform a cheer in the contests. Having the actors create these cheers for themselves is excellent for ensemble/character building and makes each production unique.

Customized cast sizes also available from 31-12 actors. For more information email pinkllamadramaplays@gmail.com
