AN ORDINANCE ADDRESSING THE RETAIL SALE, DISTRIBUTION, INDOOR CULTIVATION, LABORATORY TESTING, AND MANUFACTURING OF COMMERCIAL CANNABIS

THE BOARD OF SUPERVISORS OF THE COUNTY OF EL DORADO DOES ORDAIN AS FOLLOWS:

Section 1. Section 130.14.330 of Title 130, Article 9 of the El Dorado County Ordinance Code entitled “Retail Sale, Commercial Distribution, and Commercial Indoor Cultivation of Cannabis for Recreational Adult Use” is hereby repealed in its entirety.

Section 2. Section 130.14.320 of Title 130, Article 9 of the El Dorado County Ordinance Code entitled “Retail Sale, Commercial Distribution, and Commercial Indoor Cultivation of Cannabis for Medicinal Use” is hereby renumbered as Section 130.41.300 of Title 130, Article 4, re-titled “Retail Sale, Distribution, Indoor Cultivation, Laboratory Testing, and Manufacturing of Commercial Cannabis,” and amended to read as follows:

**ARTICLE 4 – SPECIAL USE REGULATIONS
CHAPTER 130.41 – COMMERCIAL CANNABIS**

Sec. 130.41.300 – Retail Sale, Distribution, Indoor Cultivation, Laboratory Testing, and Manufacturing of Commercial Cannabis

1. Applicability.

A. The purpose of this ordinance is to permit certain specified commercial cannabis activities and uses in the unincorporated areas of the County, subject to the regulation and control of the Board of Supervisors. While this ordinance was originally enacted by voters, the Board of Supervisors retains discretion to regulate such uses, including without limitation the density, intensity, number, proximity, location, and environmental standards of such uses without further voter approval.

B. Cannabis is not an agricultural crop or product with respect to the “right to farm” ordinance in Article 4, Section 130.40.290 (Right to Farm), the establishments of Agricultural Preserves under Section 130.40.290, or any other provision in this Code that defines or allows

cultivation of crops or agricultural products and nothing in this Chapter shall be construed to the contrary.

C. This ordinance applies regardless of whether commercial cannabis is cultivated for medicinal or recreational adult use.

2. Definitions.

The terms and phrases in this section shall have the meaning ascribed to them in Section 130.41.100(2), unless the context in which they are used clearly suggests otherwise.

3. Limit on the number of commercial cannabis cultivation operations.

The maximum number of commercial cannabis cultivation operations in the unincorporated portions of the County shall be limited to 150. This section sets the maximum possible permits only and nothing in this section shall be construed to require the County to issue a minimum or the maximum number of permits.

4. General Requirements.

A. In addition to any state requirements, the requirements in this section are applicable to all commercial cannabis activities authorized under this section 130.41.300. Any violation of state regulations, site specific requirements in a Commercial Cannabis Use Permit or Commercial Cannabis Annual Operating Permit, or the requirements in this section 130.41.300 is subject to enforcement, abatement, and revocation of a County permit under Section 130.41.100 and Article 5, Section 130.54.090 (Revocation or County Mandated Modification of a Permit).

B. *Odor.* Commercial cannabis activities, including but not limited to cultivating, drying, curing, processing, manufacturing, testing, and storing of cannabis, shall not adversely affect the health, safety, or enjoyment of property of persons residing near the property on which the commercial cannabis activity occurs due to odor that is disturbing to people of normal sensitivity. Any cannabis odor shall not be equal or greater than a 7 dilution threshold (“DT”) when measured by the County with a field olfactometer at the property line on which the commercial cannabis activity occurs for a minimum of two olfactometer observations not less than fifteen minutes apart within a one hour period (“7 DT one hour”). If the odor from a commercial cannabis activity violates this subsection, the permittee must reduce the odor below the 7 DT one hour at property line threshold within the time required by the County. Notwithstanding the prior issuance of a permit, the County may require installation of one or more odor control options, which may include but are not limited to the use of activated carbon filtration or equivalent odor abatement control equipment on air exhaust, a vapor-phase odor

control system, increasing the required setback, growing fewer plants, or growing only low odor cannabis strains. Installation of certain odor control options may require a permit. Any such notice requiring the use of one or more odor control options will provide a deadline for completion and the dilution threshold will be retested upon expiration of that deadline. The continued odor in excess of 7 DT one hour upon retesting will constitute a violation of this section subject to enforcement, abatement, and revocation of the Commercial Cannabis Use Permit and Commercial Cannabis Annual Operating Permit under Section 130.41.100 and Article 5, Section 130.54.090 (Revocation or County Mandated Modification of a Permit).

C. *Location.* A commercial cannabis activity authorized under this section shall not be located within 1,500 feet from any school, school bus stop, place of worship, park, playground child care center, youth-oriented facility, pre-school, public library, licensed drug or alcohol recovery facility, or licensed sober living facility. A commercial cannabis activity authorized under this section shall not be established on any parcel containing a dwelling unit used as a residence or within 500 feet of a residential zoning district. Distance shall be measured from the nearest point of the property line of the premises that contains the commercial cannabis activity to the nearest point of the property line of the enumerated use using a direct straight-line measurement. A new adjacent use does not affect the continuation of an existing use that was permitted and legally established under the standards of this chapter.

D. *Screening.* Commercial cannabis activities authorized under this section shall be screened from public view so that no part of a plant can be seen from an adjacent street or adjacent parcel. Coverings on any windows may not be made of tarps, canvas, tinfoil, or other fabrics affixed directly to the wall or window.

E. *Lighting.* Security lighting for any building utilized for commercial cannabis activities authorized under this section shall be motion activated and all outdoor lighting shall comply with Article 3, Chapter 130.34 (Outdoor Lighting).

Transportation by means of aircraft, watercraft, drones, rail, human powered vehicles, and unmanned vehicles is prohibited.

I. *Notification to Sheriff's Office.* As a condition of any Commercial Cannabis Use Permit for an activity authorized under this section, the County may require the permittee to notify the Sheriff's Office before transporting cannabis within the unincorporated areas of the County.

J. *Review by Fire Code Official.* Prior to approval of any Commercial Cannabis Use Permit for any commercial cannabis activity authorized in this section, the application must be reviewed by the local fire code official and any recommendations of the local fire code official shall be incorporated as a condition of the Commercial Cannabis Use Permit or a written response to the local fire code official shall explain why a recommendation is not being incorporated.

Concentration of commercial cannabis facilities and proximity to an existing or proposed cannabis retail facility shall be considered in determining whether to grant a permit. Provided that the application for a Commercial Cannabis Use Permit is received within 45 days of the availability of applications for retail sale, the County shall first review and take action on the application of any retail facility that was issued a valid temporary license from the Bureau of Cannabis Control by July 17, 2018 and continuation within a zone inconsistent with those authorized under this section may be permitted for those retail facilities as part of the Commercial Cannabis Use Permit as a legal non-conforming use under Article 6, Chapter 130.61 (Nonconforming Uses, Structures, and Lots).
