Why study in Manchester?

Cultural, historic and quirky; Manchester has fast become one of Britain's most popular destinations. Whether for work or play, more and more people are paying our vibrant city a visit, and choosing to make it their home.

Manchester is also known across the world as a great place to study. Home to respected universities with renowned alumni, such as Benedict Cumberbatch and Professor Brian Cox, students are in good company as they follow in the footsteps of Nobel Laureates and innovators such as Alan Turing, who continue to make a real difference to the world.

But, this isn't the only reason why you should choose Manchester to study, there are many, many more...

Diverse and multicultural

From hosting numerous cultural events and festivals, to countless restaurants serving food from a huge range of cultures, Manchester is a city that encourages its residents to embrace diversity and try something new. There is even an entire section of the city centre dedicated to Asian cuisine: China Town.

In Manchester, students from all over the world come together to study and explore, giving them the opportunity to meet people they may otherwise have never encountered.

Insider tip! “As a big city, Manchester can provide the daily needs for international students; for example, the Manchester China Town has all necessary goods for Asians, especially Chinese, students” – *Chen Shen, MSc Business Analysis and Strategic Management, Class of 2014, MBS.*

Friendly and welcoming

Manchester is known for its warm and outgoing locals, in contrast to other large cities which are often perceived as being less than welcoming. Not only that, but the city has a more relaxed pace than many large city centres, such as London, with easy access to green spaces where you can grab a little peace and quiet.

One of our former students, Yueyao Wu, MSc Accounting and Finance, Class of 2014, found the balance perfect:

“The best thing about living in Manchester is the convenience of our daily life, combining advantages of both city and smalltown life. The campus, supermarket, gym, railway station and shopping centre are located within walking distance. However, it is not as noisy and disordered as other large cities.”

Cost of living

Compared to many other large cities, the cost of living in Manchester is, on a whole, quite affordable. From accommodation to travel, most daily essentials are reasonably priced, so you shouldn't have to dig too deep into your bank account.

Insider tip! “It is worth mentioning about the taxis, which are so cheap if you pre-order them”
