# Style hits the roof

## Give your home real style with Boral Designer Ceramic Tiles

- A unique alternative to metal roofing
- Permanent colour locked with kiln firing at 1,100 °C
- 60 year warranty
- Three distinctive shapes
- Create your own colour\*

\*Creating unique colours incurs additional costs, and increased timeframes for prototyping, but has no impact on the standard warranty and installation conditions. Also minimum order quantities may apply. All conditions will be discussed and upon enquiry and confirmed through quoting.

# Accent™ Ridge

Accent Ridge is a low-line ridging system designed to enhance the streamlined look of Boral Designer Ceramic tiles. Accent Ridge complements all the ceramic tile profiles, seamlessly aligning the ridge capping from end-to-end in one smooth line without steps.

Important Information: Product information contained in this leaflet is correct at the time of printing however is subject to change without notice. Some photos featured in this brochure are artist's impressions of how Boral roof tiles will look on a roof. Some images are computer generated. Please ensure you view a tile display before making a final decision. Colours shown are indicative only and should not be used for final selection. Colours are subject to change without notice. Check print date prior to product selection. Roof tile colours may vary in shades throughout the manufacturing process therefore it is important that roof tiles are blended consistently across the roof. #Custom colours will be priced on application; and require a trial to ensure viability. Trial to be conducted at customers expense. Minimum order quantities apply (dependent on colour choice) for Boral to manufacture the product in the requested colour. At Boral Roofing, all tiles are manufactured to the requirements of Australian Standard 2049 Roof tiles. Please ask for a copy of the Boral Roofing guarantee before making your purchase. During transportation and installation small blemishes such as scuffing and chip marks may occur. These are not considered a production fault and will not detract from the performance of the roof tile. © Copyright Boral Roofing – all rights reserved 2017.
