## **ANNOUNCEMENT PURSUANT TO RULE 13.18 OF THE LISTING RULES**

This announcement is made by the Company pursuant to Rule 13.18 of the Listing Rules.

The Board is pleased to announce that on 26 October 2017, the Company and a company of a listed financial conglomerate group (the “**Lender**”) entered into the Facility Agreement pursuant to which the Lender agreed to make available to the Company a Hong Kong dollar term loan facility in an aggregate amount of HK\$250,000,000 for a term of 36 months from the date of the Facility Agreement.

The Facility is to be secured by (i) the guarantee from Guangdong Kaifu; (ii) the guarantee from the Guarantor and a subsidiary of the Company respectively; and (iii) the charge/pledge to be granted by several subsidiaries of the Company. The Company shall ensure that all of the proceeds of the Loan are applied towards (a) payment of the consideration regarding the Acquisition; (b) the general working capital requirements of the Company; and/or (c) the financing of any acquisition or investment by the Company.

Pursuant to the terms of the Facility Agreement, a change of control event happens if any person or persons acting in concert beneficially own, directly or indirectly, an aggregate percentage of the issued shares in the Company that is equal to or greater than the aggregate percentage of the issued shares in the Company that are beneficially owned, directly or indirectly, by the Guarantor.

The occurrence of such change of control event constitutes an event of default which the Lender may (i) cancel the Facility; (ii) declare all or part of the Loan, together with accrued interest and all other amounts accrued or outstanding under the relevant finance documents to be immediately due and payable; and (iii) exercise any or all of its rights, remedies, powers or discretions under the relevant security documents.

As at the date of this announcement, the Guarantor indirectly owns approximately 71.57% of the total issued share capital of the Company.

The Directors are of the view that the Facility will provide the Group with solid funding support for further development and operations and will also enable the Group to have readily available funds so as to capture suitable investment opportunities (particularly those may achieve synergy effect with the existing business of the Group) which may arise from time to time in a timely fashion to provide investment return to the Group and the shareholders of the Company.
