

Kiddy Music

BY CELLISTIZZIMO

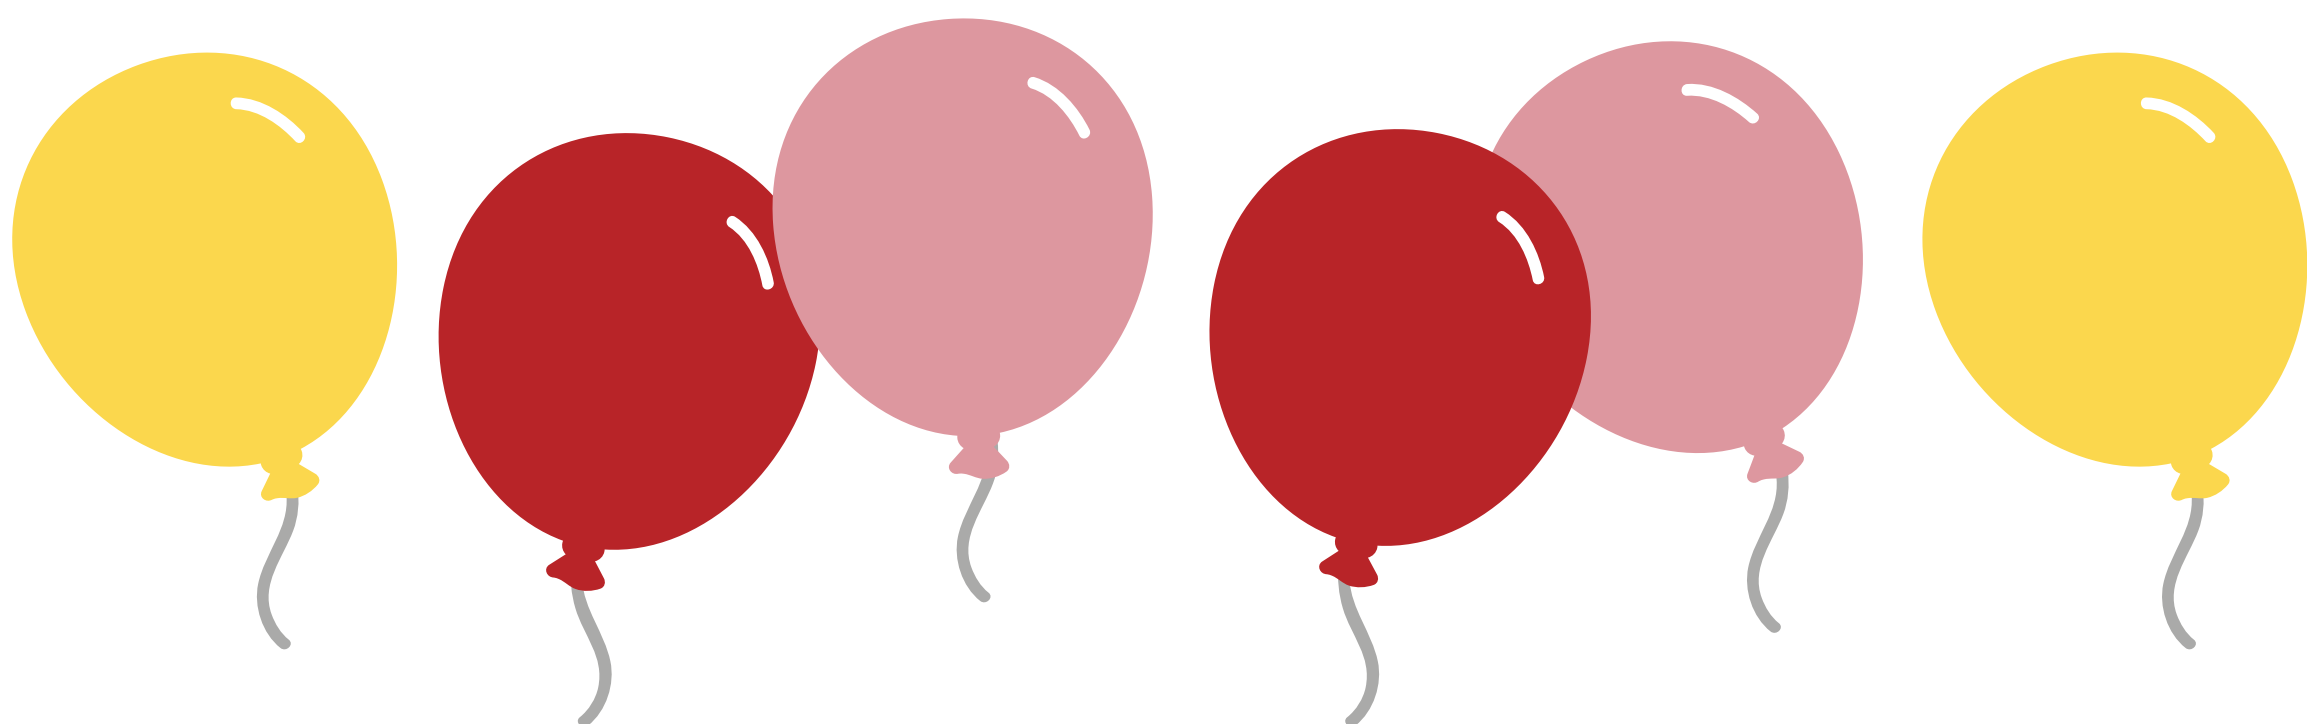

A fun place to develop children's musicality!

Kiddy Music Course is a fun and musical environment to provide children the best way to develop their physical and mental skills.

Children have quality time with their parents and peers, and learn the fundamental of music progressively including singing in different music language (bilingual), playing instruments, listening to all style of music and internalize their sense of rhythm through movement dance!

Such training allow children to have a solid foundation to pursue instruments such as piano and cello, or any instruments that they are interested in as the next step.

Also, we like the idea of celebrating their achievements by showcasing their great efforts in performance with true musicians and students. This is an valuable experience to children and a fantastic way to let them know that we are very proud of them!
