As the sun shines and temperatures begin to rise, stay safe by staying off the ice! With over 5 km of accessible waterfront in Pickering, it's extremely important to know the dangers of thin ice. As the lake and local watercourses are not completely frozen, please do not skate, walk, play, or snowmobile!

•

In the case of an emergency, please call 911 ! For ice safety tips and more information, visit [bit.ly/2IWeaSX](http://bit.ly/2IWeaSX).

Stay alert! Freezing rain is tough and more slippery than snow. It's important to drive with caution, and dress for the weather! Monitor the radio and television stations for Environment Canada weather statements, and stay up to date with power outages by following @VeridianTweets on Twitter. To report an outage, contact Veridian's 24-Hour Outage Hotline at 1.866.579.6819.

I'm Julie Ineson, this month's [#PickeringPro!](#) 🧑‍🔧 As a Fire Inspector with the City of Pickering's Fire Services Department, I'm committed to keeping our City safe and educated in the chance of a fire! Over the course of March, I'll be telling you about the probability of fires happening, as well as common causes of fire in our community. For instance, did you know that 9% of annual loss fires in Ontario occur during the month of March? This is generally due to cooking equipment, heating equipment (especially woodstoves and chimneys), and electrical distribution equipment. Take action today and protect your family! [#ImFireSafe4March](#). 🚒

For more information on Fire Safety, visit [bit.ly/2ksOlVD](http://bit.ly/2ksOlVD).

Meet Kelly the cat! A year and a half old Domestic Medium Hair cat who has been spayed, vaccinated, and microchipped. Her sweet personality has been with us since September, and is looking for a home to call her own! While she doesn't mind other calm kitties, Kelly prefers to be the only cat of the house. To adopt her today, or view more animals in need of a loving home, contact 905.427.0093 or visit [pickering.ca/petadoption](http://pickering.ca/petadoption).

In a joint effort with the Ontario Federation of Anglers and Hunters (OFAH) and Ontario Power Generation (OPG), Sustainable Pickering celebrates the 2nd annual Bring Back the Salmon program at the Pickering Public Library!

Students gather around to learn about the life cycle of Atlantic Salmon and the biodiversity of the Lake Ontario watershed, while taking full advantage of the library's services and helping to place eggs into the hatchery!

The Bring Back the Salmon initiative works with local school groups to raise Salmon in classrooms, and later release the fish into local streams. The program takes place over a five month period.
