AFL Applauds Majority Leader Steny Hoyer and Democratic Delegation to Israel

AFL applauds House Majority leader Steny Hoyer and the 41 Democratic members of Congress who have traveled to Israel this week despite hateful demands from within their own party to boycott the trip. For many years Congressman Hoyer has demonstrated a deep appreciation for the US's closest ally in the region and understood the necessity for unapologetic bi-partisan support of the US-Israel relationship.

We recognize this impressive showing of pro-Israel support from the mainstream of the Democratic Party. AFL is grateful to have every one of the 41 Democratic congressmen and congresswomen who participated in the trip and maintained their principles despite the dangerous noise of fringe elements of their party.

There should never be daylight between the United States and Israel, and we are profoundly thankful for this everlasting alliance between friends.
