

Digital Haemato-Morphology Workshop

Course Objectives:

With the advancement of technology, whole slide imaging (WSI) allows practitioners to view glass slides on visual display screens like navigating Google Maps. This workshop aims to allow participants to have hands-on experience to evaluate peripheral blood film and bone marrow smears and make diagnosis based on real cases. In addition, morphology experts would share their experience on diagnostic digital morphology from their practices. In the workshop, participants would also have an opportunity to explore McQAS' manual differential count EQA module.

Speakers:

Emeritus Prof. Cheong Soon Keng,
Consultant Haematologist

Assoc. Prof. Leong Chooi Fun,
Consultant Haematologist

Dr Mimi Azura Aziz
Consultant Haematologist

Dr Muhammad Nazri Aziz,
Consultant Medical
Microbiologist

MCPATH QAP SDN BHD (1032288-D)
