

Better days begin with standout hearing experiences

Alex is reflecting on a good day. At work, he effortlessly conversed with his colleagues in the open office space, thanks to his hearing aids that provide exceptional natural sound and speech clarity. He streamed a playlist while he worked to help him focus. On his way home, Alex connected with his mom via a hands-free call on his mobile phone. Later, he enjoyed his favorite TV shows. Now it's time for bed. He places his hearing aids into the charger so they'll be ready when he is tomorrow.

Alex wants personalized hearing aids that fit seamlessly into his life. That's why he wears Moxi™ Jump R hearing aids.

Don't spend a dime until you love them

A real-world assessment with FLEX:TRIAL™ hearing aids lets you experience improved hearing at home, at work and everywhere in between before you buy.

You listen, we learn

The FLEX:TRIAL hearing aids gather insights* to help us understand the way you listen and find the perfect solution personalized for you.

Savor every syllable

Experience hearing that will make your younger self smile, with solutions that perform like a normal hearing 18 to 20-year-old.** So you can get back to doing the things you love.

Chat. Charge. Repeat.

Ultimate convenience for your lifestyle is here, with rechargeable technology, TV made easy, and hands-free phone† calls, video calls, plus media streaming to both ears on all mobile phones.

TV made easy

With the TV Connector, you can easily watch your favorite shows and movies in high-quality stereo sound by wirelessly connecting your hearing aids to your TV, laptop, tablet, stereo and other digital devices.

Totally future-proof hearing aids

A lower technology level may be ideal for you now, but you can feel confident knowing that you can always upgrade your hearing aids to a new technology level should things change in the future.

Call us at XXX-XXX-XXXX and book your appointment today to learn more about the new Moxi Jump R hearing aids.
