

PUBLIC ANNOUNCEMENT

<Practice Name> announces unique hearing aid trial program,
with **NO** upfront cost, **NO** commitment and **NO** risk

Area residents who want to try today's most advanced hearing aids — without upfront cost, commitment or risk — are urged to get in touch with <Practice Name>.

Located in <City Name>, <Practice Name> is among a handful of hearing healthcare providers nationwide selected and certified to participate in the Flex:trial™ program, developed by hearing aid manufacturer Unitron.

Flex:trial uses a unique three-step approach to hearing healthcare and consumer satisfaction:

1. Interested individuals undergo a hearing test. If the testing indicates a good fit for the program, participants go home — the very same day* — with Flex:trial hearing aids.
2. Participants wear the Flex:trial hearing aids on a trial basis at home and in all of their other familiar environments. There is no upfront cost or obligation during the trial period.
3. At the end of the trial period, participants decide whether they want to continue with the listening experience...or walk away and owe nothing.

"Other trial programs require consumers to pay for the hearing aids in advance and then go through the process of obtaining a refund if they're not satisfied," explains <Firstname Lastname>, owner of <Practice Name>. "The Flex:trial program removes the upfront cost for participating patients — and the fear of getting stuck with hearing aids they don't like. In fact, the risk is all mine."

Supply of Flex:trial hearing aids is limited. This offer is valid through <Date>, <Year>, on a first-come, first-served basis. *Subject to availability.
