Address line 1
City, ST 12345

Dear Neighbor,

Do you often find yourself wishing you could hear conversations a little better? If you have any concerns about your hearing, or if you currently wear hearing aids and are looking for something better, you need to contact us today.

We are excited to share with you the all new Moxi™ Jump R from Unitron. Built on a revolutionary new platform called Discover, these hearing aids offer the absolute best in conversations—even in a lot of background noise. So, whether you're in a busy restaurant, socializing with friends or enjoying one-on-one conversations with family, these hearing aids make seamless adjustments so you can **be part of the conversation**.

We're so excited about these hearing aids that we want you **try them for FREE** through our FLEX:TRIAL™ program. Here's how it works:

1. We'll test** your hearing. If you're a candidate, you'll go home the very same day† with trial hearing aids, precisely programmed to your hearing needs and preferences.
2. Wear the hearing aids – with no upfront cost or commitment. Try them at home, at your favorite restaurant, at family gatherings, wherever your busy life takes you.
3. At the end of the trial period, decide if the hearing aids are right for you. If you love them, fantastic! You can purchase them and enjoy remarkable sound and conversations for years to come. If not, you simply walk away. You owe nothing.

If you want to hear your absolute best, you have to try these hearing aids. We know you'll be amazed at the sound quality and how well you can hear. Plus, they have a discreet and stylish design and a wide range of colors to match your skin tone. Looking for rechargeable? No problem. The new Moxi™ Jump R from Unitron is dedicated to ease of use, and fits seamlessly into your digital lifestyle. Enjoy hands-free phone calls, video calls and media streaming to both ears.* Take advantage of the limited-time opportunity, call us today at <PHONE NUMBER> to schedule your appointment.

We look forward to having you try them out!

Kind Regards,
