Packed Weight and Dimensions

Code	Description	Weight g	W mm	H mm	L mm
RB 1000	Rapid Burr	57	24	24	153

	<p><b>Instructions</b></p> <p>Do not use heavy pressure when deburring as this will cause the blade to dig into the material and give an uneven finish                  Use light and even pressure which will allow the blade and handle to work together to remove the burr and leave a smooth finish on the component</p> <p>Blades should be handled carefully as they are sharp and can cut                  Blades can break causing flying objects                  Sharp edges and flying objects can cause injury                  Users and bystanders should wear protective safety glasses                  Do not pry or bend blades                  Keep blades and sharp tools away from children                  Do not regrind blades as this will weaken the blade and cause breakage and possible injury</p> <p>All Noga products meet the strict requirements of ISO 9001 and ISO 14001</p>
