

Diamond Drill Bits

Diamond Drill Bit Set 6 – 12mm

Drills produce perfect holes in Porcelain, Stone, Granite and Marble
Set suitable for producing holes required to take plugs for attaching most bathroom accessories

High quality sintered diamond tips
Metal and diamond powder mixed, pressed then sintered to create multiple layers of diamond
Sintered tips are brazed onto a 40 CR steel body with silver by inductive brazing
Tip can be revived when initially worn, by exposing new diamond layers by drilling into an aluminium oxide grinding stone, concrete or any abrasive stone to revive the cutting surface
Working drill life at least 3 x longer than electroplated diamond drill bits

Also available in individual sizes 6 -14mm with Hex. shank and 22 - 45mm with M14 internal threads

Packed Weight and Dimensions

Code	Description	Weight g	W mm	H mm	L mm
DIA-00200	Diamond Drill Bit Set 6, 8, 10 & 12mm	271	210	40	220

Diamond Drill Bits with Hex Shank

Small range individual Diamond Drill Bits 6 – 14mm
Wet cutting
Quick change 1/4" Hex-Shanks
