

Ultra Custom Cabs PinballX Game List - 2019 Edition

The game lists show all titles on our pinball 2in1 and cocktail table machines.

You'll note that there are more than 1155 tables in the lists, but we limit this in PinballX because many Pinball FX2 and Pinball FX3 tables are identical.

You'll also note that the "same" table may be available for Future Pinball, Visual Pinball, Pinball Arcade etc. These emulations of original popular tables (Fish Tales, for example) were included because they "play" differently – with some being faster or slower than the original table, some have slightly different artwork or lighting, some with different sound FX etc.

This gives you the chance to enjoy many of your old faves – exactly as you remember them - or with a different flavour.
