Union Name

A proposal to add a name to our local has been approved. This initiative has been taken in order to give our local an identity that it never had, to create a sense of belonging and to align ourselves with the rest of the 7 different locals and Unions representing NAVCANADA's employees.

We are actively looking for ideas and for your inputs as to what would be our Union name.

We are proposing 4 different names at this time but more names are sought to give you, the members, a chance to propose your ideas. The proposed names must first be in good taste and second not be an already recognize trademark.

The first 4 proposed names are:

- ANSS – Air Navigation Support Specialists | STNA – Spécialistes techniques de la navigation aérienne
- ASOC – Aviation Specialists Organisation of Canada | OSAC – Organisation des spécialistes de l'aviation du Canada
- CANSA – Canadian Air Navigation Specialists Association | ASNAC – Association des spécialistes de la navigation aérienne du Canada
- ANSOC – Air Navigation Specialists Organisation of Canada | OSNAC – Organisation des spécialistes de la navigation aérienne du Canada (OSNAC)

After we gather your ideas and eliminate the ones that are not meeting the criteria, a vote will be arranged and a name will be chosen.

Please have all name proposals submitted by November 21, 2018.

Thank you for your cooperation and support in this endeavour.

In Solidarity,

James Walker
President Unifor 1016
C: (204) 558-5016
