Description

The video player interface includes a toolbar with icons for undo, redo, font size, bold, italic, list, link, unlink, image, video, audio, and H-P. The video content shows a MEDIAL v8.5 webinar titled 'MEDIAL v8.5 | Preview of New Features'. The webinar is scheduled for Thursday 6th July from 11am (EST) to 5pm (CET). A 'REGISTER' button is visible. A small video inset in the bottom right corner shows a man speaking.

Teacher or Student using MEDIAL in [Moodle](#), [Canvas](#) or [Blackboard](#)?

[Blog](#) | [Resources](#) | [Support](#) |

[Free Trial](#)

[Solutions](#)

[Discover MEDIAL](#)

[Integrations](#)

[Pricing](#)

[About Us](#)

Accessibility Features

Overview

MEDIAL's web interface and embedded media player support keyboard access allowing the use of the tab key to access the available functions. Any uploaded media file and/or recorded file has support for adding and displaying closed captions. The MEDIAL web interface is compatible with screen readers like JAWS and NVDA.

You can download a copy of our VPAT [here](#)

1. Keyboard Access to functions:

Specific Probe Files for Availability Checks

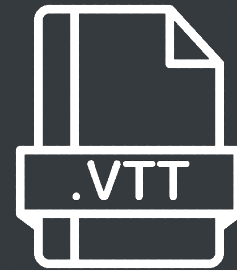

<https://frontend.edu/test.cshtml> (inbuilt into v8.5 upgrade)

Confirms IIS and DB are up

<https://wowza/probe/probe.mp4/playlist.m3u8> (added with v8.5 upgrade)

Confirms Video Streaming is operational

*SaaS customers are already monitored in this way

Step 3

Summary task

Add a video *

Click below to add a video you wish to use in your interactive video. You can add a video link or upload video files. It is possible to add several versions of the video with different qualities. To ensure maximum support in browsers at least add a version in webm and mp4 formats.

Upload video file

or

Paste YouTube link or other video source URL

https://www.youtube.com/watch?v=83601413_hd.mp4

H5P supports all external video sources formatted as mp4, webm or ogv, like Vimeo Pro, and has support for YouTube links.

Zoom API Connection Status

In order to use the Zoom API to import videos from Zoom into MEDIAL, you need to authorise MEDIAL to connect to Zoom. If you have not done this already, or if there is a problem with the connection please click the "Authorise API Connection" button to start the process. If you wish to check that the API Connection is working, please click the "Test API Connection" button.

Redirect URI

Copy

Zoom OAuth tokens are present in your MEDIAL. Use the test button to check their validity.
