

The P-H-M Education was established as an independent, nonprofit 501(c)(3) organization dedicated to supporting the educational mission of our schools. The Foundation develops alternative sources of income to support learning while strengthening the partnership between schools and community. Dedicated business leaders, administrators, and community volunteers, representing a cross-section of the school community, serve as the board of directors.

Because of generous donors and community supporters, PHMEF disbursed more than \$111,000 in grants and scholarships during the 2018-19 academic year.

PHMEF supports education through awarding innovative teaching grants, scholarships to students, P-H-M staff development and other corporation-wide initiatives.
