Train as an OD virtual mentor

Are you an OD practitioner with previous mentoring experience?

We are growing our award-nominated OD virtual mentoring network – and now have 10 new mentor places available!

Our OD virtual mentoring network is for OD practitioners and those working in change and transformation to access an experienced OD mentor.

We will be recruiting mentees nationally from across the Do OD network as well as through the 10 regional leadership academies.

Our aim is to develop capability and capacity to enable change and transformation, and to share the experience and wisdom from across our systems.

If you'd like to chat before applying, email do.od@nhsemployers.org and we'll give you a call.

@NHSE_DoOD

What will you gain?

- High-quality training to mentor in the virtual space.
- Development and support via OD supervision, development sessions and action learning reviews.
- The opportunity to work with two mentees and share your learning & experience with others.

Apply online

You will need to attend a virtual briefing session on 18 November from 1.30 - 3pm and three virtual training sessions on 26, 27 and 28 November from 1pm - 5pm. Please only apply if you can make all of these sessions.

Your virtual mentoring will involve three sessions (approx. 90 mins) with each mentee over the course of three months.

Closing date: Monday 21 October 2019
