

Indac BIG Bins

Two tough bins for any environment. If it's volume you're after, then the 720 Litre Pallet bin is for you. This great design allows for replacement of the bin's base in case of accidental forklift damage. Our FT680 is making an impact in the Viticulture market. Originally designed as an Insulated Bin for the fishing industry, this bin is also available un-insulated offering an exceptionally tough bin able to handle the knocks and bangs associated with heavy work usage.

Both bins are fork liftable and accessible from all sides. FDA approved Materials, UV resistant.

Pallet bin 1130 x 1130 x 805mm high
720 litre capacity, white with black base

FT680 1240 x 1040 x 750mm high
680 litre capacity, pale blue.
