

Indac Spinwelds

Spigot BSPT Threaded

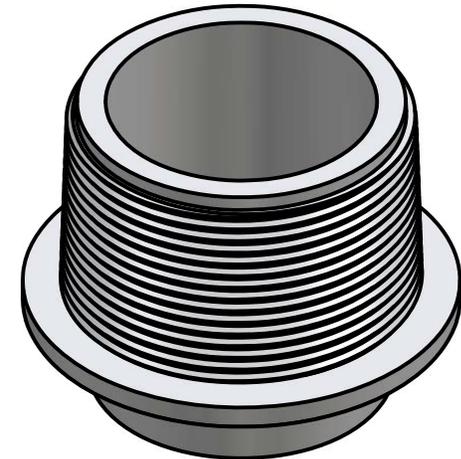

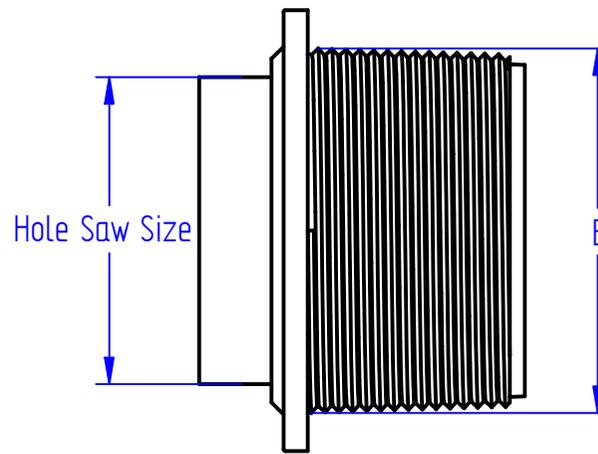

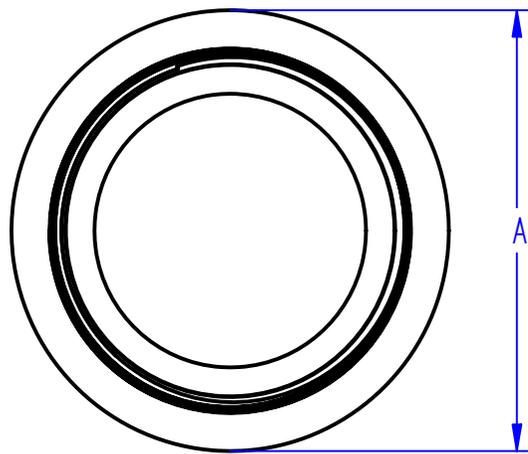

This product fits quickly together allowing for a BSPT male threaded outlet.

The spigot fits the spinweld with driver plug.
 A square drive router bit, which we can supply fits the driver plug.
 The Spigot is then welded into place producing a male threaded outlet.
 A single or double threaded end barrel nipple can also be created by welding it into MDPE pipe with internal diameter to match the hole saw size.

Available in 6 sizes

Code	Description	Spigot	Hole Saw Size	"X"
XSWBSPT12	SW Spigot 1/2" BSPT Threaded	1/2"	19mm	24mm
XSWBSPT34	SW Spigot 3/4" BSPT Threaded	3/4"	22mm	24mm
