WELCOME EORTC CLTF 2020

OCTOBER

WELCOME TO THE EORTC CLTF **2020 MEETING**

It is our great pleasure to host the EORTC-CLTF 2020 meeting in Marseille and invite you all to this beautiful city, October 8-10, 2020.

Year after year, the EORTC CLTF Annual Meeting has become a major event for the scientific and medical community and it is constantly evolving, becoming more popular, innovative and influential, while maintaining high standards of scientific quality and family atmosphere.

DEAR INDUSTRY PARTNERS

Welcome to the EORTC 2020 Meeting

As such, it is our challenge and, at the same time, our promise to make the Marseille meeting an exciting one, attractive to delegates and sponsors, both in terms of scientific content and social interaction. The central goal of the meeting is to bring together experts from Europe and around the world to discuss the most up-to-date Cutaneous Lymphoma fundamental science, establish the highest priorities for research and development, address current challenges in patient care and improve clinical practice.

Marseille provides the ideal setting to meet these goals, since it combines natural beauty, cultural

wealth, up-to-date infrastructures and a buzzing day and night life. The meeting will be held on the site of the Palais du Pharo, a historical venue located at the heart of Marseille, next to the Sea Port and within walking distance from the Mucem, a great museum dedicated to Mediterranean culture and new emblematic building of Marseille.

It is the Local Organizing Committee's pledge to make every possible effort to offer an unforgettable professional and personal experience to all participants.

In order to achieve these goals, we invite you to support this meeting.
