Information for Contributors

Announcements, feature articles, book and meetings reviews, opinions, letters to the editor, professional activities, Abstracts of reports, and other material of interest to the ITS community are solicited. Please submit electronic material for consideration in any of the following formats: Microsoft Word, OpenOffice, plain ASCII, rich text format (rtf), or portable document format (pdf) to the Editor-in-Chief at kamijo@iis.u-tokyo.ac.jp. You can also use this Google form: <http://goo.gl/forms/xpgl8WLt9F>

SOCIETY NEWS

From the Editor

Shunsuke Kamijo

Dear readers, we have the third issue of 2019 fully loaded with interesting information.

President of our society gives us the message “ITSS and Open Access Publications” in this issue. We have an introduction for the ITS Society Educational Activities. ITS Society Educational Activities include ITSS courses, and summer school.

We have a number of CFPs for ITSC, ICVES and other ITS related conferences coming in 2019. This issue also publishes the list of the forthcoming papers in Transaction on IV and ITS Magazine.

Message from the IEEE ITS Society President

ITSS and Open Access Publications

Every time I have the opportunity to address the ITSS community, I try to convey a clear message, easy to understand and remember. In this case, I would like to draw your attention to the Open Access wave that is flooding the entire scientific community worldwide. The wave started in Europe, propelled by the European Commission under the so-called “Plan S”. Most European research funding agencies have already stuck to this plan, urging researchers to publish their research results in Gold Open Access journals alone. It remains to be seen whether or not other countries like USA or Japan will follow this path, but it seems that Open Access mandates are surging everywhere. This matter is of the utmost interest to IEEE, given its potential financial impact. However, it is also a fantastic opportunity for IEEE to take a leading role in fundamentally transforming the current collective approach

to scholarly publications online. The window of opportunity is small because the open access world has been growing exponentially over the past decade and new approaches have been recently tested. In the meantime, IEEE is transforming their operations and business plan with a view to adapt to the new scenario. In this framework, the ITSS is making plans for starting a new Open Access Journal covering Intelligent Transportation and Mobility topics. The new publication is expected to complement the already existing hybrid ITSS journals, such as the IEEE Intelligent Transportation Systems Magazine, offering the ITS community a full plethora of options for their research results. I will keep you updated about the latest developments on this matter.

This year, the ITSS has participated in the general review that the IEEE Society and Council Review Committee (SCRC) carries out periodically (every five years). The work performed to complete the review report has made us reflect about our strategic and operational plans. No doubt, a general review of this type is an opportunity for self-analysis and improvement. As a result of that, we are planning to streamline our operations in the coming months. I hope all ITSS members can benefit from the improvements that the ITSS will implement as a consequence of the 2019 IEEE review.

Let me remind you that the ITSS is constantly seeking support from their members in order to contribute to different activities and initiatives. In this regard, we are looking for ITSS colleagues willing to serve as representatives of our society in different IEEE committees, Associate Editors of our conferences and periodicals, etc. If you think you can contribute to the ITSS somehow, just let us know and we will do our best to find the perfect fit for you.

I hope we can meet in the next great event sponsored by the ITS Society, the IEEE Intelligent Transportation Systems Conference 2019 that will be held in Auckland, New Zealand (October 27-30, 2019). Let's meet Down Under and share experiences, ideas, and our prospects for the future of Intelligent Transportation.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Miguel Ángel Sotelo', written in a cursive style.

Miguel Ángel Sotelo
President. IEEE Intelligent Transportation Systems Society

Educational Activities ITSS

Enroll now!

Courses

ITSS Courses

- Simulation-based Dynamic Traffic Assignment
- Introduction to Intelligent Transportation Systems
- Introduction to Vehicular Robotic Modeling with V-REP
- Short Course in Predictive Analytics in ITS
- Autonomous Vehicles, Platooning and Traffic Flow Control for Connected Vehicles
- A primer on security and privacy in vehicular ad-hoc networks

ITSS Summer Schools

- IEEE ITSS Summer School on Cooperative Interactive Vehicles (Sep 2018)
- IEEE ITSS Summer School on Cooperative Interacting Automobiles (Sep 2017)
- IEEE ITSS Summer School - Qingdao, China (Jul 2016)

ITSS Keynotes

- IEEE ICVES 2018
- IEEE ICVES 2017

The IEEE Intelligent Transportation Systems Society (IEEE ITSS) Educational Activities Board (EAB) fosters programs for the growth of the ITSS educational related activities, recommending policies for educational development; coordinating the Distinguished Lecture Series of the society and approving plans for educational support activities. We aim at serving the IEEE ITS members in educational pursuits supporting them with high-quality opportunities for education on the topic, providing them with information to understand prospects and career paths in ITS.

ITS COURSES

To expand the ITS society's offerings and opportunities in future industries of relevance, it is a pleasure to present the following courses that cover specific topics of interest in the ITS area. We hope that you will find them interesting and useful to gain valuable and meaningful skills in intelligent transportation systems.

[Featured Courses](#)

ITS KEYNOTES

We present a selection of several keynote speeches that have been selected from IEEE ITSS conferences.

ITS Podcast Episode 52: Market growth of ITS and road pricing

Dear Subscribers,
I welcome you to our May episode in 2019.
We will start the episode news minisection about the advances in ITS and autonomous driving. Also we have a review on a book about Road Pricing: Technologies, economics and acceptability, edited John Walker.
I hope you enjoy.

Dear Listeners, either you are a researcher in Intelligent transportation field or are just interested, don't hesitate to contact us, we are recruiting volunteers and your help will be highly appreciated. Contact us on our email at: itsspodcast@gmail.com Or just simply message us on any of our social media.

This podcast is sponsored by IEEE intelligent transportation system society.

27 – 30 October 2019, Auckland, New Zealand

Call for Papers

The 2019 annual flagship conference of the IEEE Intelligent Transportation Systems Society will be held in Auckland, New Zealand. This conference welcomes papers and presentations in the field of Intelligent Transportation Systems, dealing with new developments in theory, analysis, simulation and modelling, experimentation, demonstration, case studies, field operational tests and deployments. ITSC 2019 particularly invites and encourages prospective authors to share their work, findings, perspectives and developments as related to implementation and deployment of advanced ITS applications.

Original contributions and workshop proposals are solicited in all areas pertinent to Intelligent Transportation Systems. All presented papers will be published by the IEEE and included in IEEE Xplore.

Important Dates

Please check ITSC 2019 website for the Important Date updates.

• Special Session Proposals	31 Jan 2019
• Special Session Papers	31 March 2019
• Regular Papers	31 March 2019
• Workshop & Tutorial Proposals	31 March 2019
• Panel Session Proposals	30 April 2019
• Acceptance Notification (all types):	30 June 2019
• Early Bird Registration:	10 July 2019
• Final Paper Submission (all types):	15 July 2019
• Workshops & Tutorials:	27 October 2019
• Conference:	28 – 30 October 2019

Journal and Magazine Publication of Selected Papers

Selected papers of exceptional quality will be invited for submission to special issues of the IEEE Transactions on ITS, or the IEEE Transactions on Intelligent Vehicles or the IEEE ITS Magazine. Authors will be asked to revise their papers in line with the IEEE Publication Policy.

Topics - The technical areas include but are not limited to:

- Air, Road, Rail and Waterways Transportation Network and Systems
- Big Data and Naturalistic Datasets
- Co-operative Intelligent Transportation Systems (C-ITS)
- Deep Learning
- Emergency Management
- Field Trials, Tests and Deployment
- Fleet Management
- Human Factors and Travel Behaviour
- Intelligent Vehicles
- Interconnected Vehicles and Transportation Systems
- Interoperable Multi-modal Transportation Networks and Systems
- Logistics
- Modelling, Control and Simulation Algorithms and Techniques
- Management of Exceptional Events: Incidents and Evacuation
- Multimodal Transportation Networks and Systems
- Products & Services
- Security, Privacy and Safety Systems
- Sensors, Detectors and Actuators
- Smart Mobility
- Traffic Control and Management

SINGAPORE 2019

CALL FOR PAPERS and PROPOSALS

Technical Papers

- Track 1: 5G Technologies
- Track 2: 5G Application and Services
- Track 3: 5G & IoT
- Track 4: 5G Security and Privacy
- Track 5: 5G Trials, Experimental Results and Deployment Scenarios
- Track 6: 5G Hardware and Test / Measurements
- Track 7: 5G Special Verticals
- Track 8: 5G Special Topical
- 5G Applications and Services Workshop
- IoT in the 5G Era Workshop
- 5G Challenges for Wireless Communications for Railways Workshop
- From Evolution to Revolution, a Roadmap for Beyond 5G Workshop
- 2nd SECRET Workshop - Secure Network Coding for Reduced Energy Next Generation Mobile Small Cells
- 2nd Workshop on 5G-Trials - From 5G Experiments to Business Validation
- Satellite and Non-Terrestrial Networks for 5G Workshop
- 5G Key Technologies for Connected Vehicles Workshop

Proposals

- Tutorials
- Industry Forums & Panel Sessions
- Industry Demonstrations
- Doctoral Symposium
- Start-ups
- Exhibitions
- Hackathon
- 5G Vertical Areas
- 5G Topical Areas

Please submit your papers on EDAS: <https://edas.info/N25426>

Please address questions regarding the
Call for Papers to wf5G2019@ieee.org.

Accepted and presented technical and workshop papers will be published in the IEEE 5G World Forum 2019 Conferences Proceedings and IEEE Xplore®. See the website for author requirements. Full details of submission procedures are available at www.ieee-wf-5g.org.

The 2019 IEEE 2nd 5G World Forum (5GWF'19) in Dresden, Germany, seeks contributions on how to nurture and cultivate 5G technologies and applications for the benefit of society. 5G systems should unveil a novel mobile network architecture that not only improves physical data rate, but also creates a new ecosystem allowing the deployment of novel services and applications. A key target is to build a novel network architecture that should support not only classical mobile broadband applications and services but also vertical industry (e.g. Intelligent Transport, Industrial IoTs, eHealth, etc.) and other 5G-based services.

This conference aims to bring experts from industry, academia and research to exchange their vision as well as their achieved advances towards 5G, and encourage innovative cross-domain studies, research, early deployment and large-scale pilot showcases that address the challenges of 5G.

Organizing Committee

General Chair

Michael Bolle, Robert Bosch GmbH

General Co-Chairs

Ashutosh Dutta, Johns Hopkins University/Applied Physics Lab

Gerhard Fettweis, Technical University of Dresden

Frank Fitzek, Technical University of Dresden

Latif Ladid, University of Luxembourg

Technical Program Committee

TPC Chair, **Antonio Skarmeta**, University of Murcia

TPC Co-Chairs:

Debabani Choudhury, Intel

Dilip Krishnaswamy, Reliance Jio Infocomm

Athul Prasad, Nokia

Essaid Sabir, University of Casablanca

Important Dates:

Call for Papers

The 5th International Conference on Transportation
Information and Safety (ICTIS 2019)

14 -17 July 2019 | Liverpool Marriott Hotel City Centre

Conference Spotlight Theme: Sustainable, Smart and Safe Transport

Sponsored by:

China Communications and Transportation Association
American Society of Civil Engineers
Canadian Society for Civil Engineering
IEEE Intelligent Transportation Systems Society

Supported by:

National Engineering Research Center for Water Transport Safety, MOST (China)
Engineering Research Center for Transportation Safety, MOE (China)
Base for International Science & Technology Cooperation on Smart Shipping and Maritime Safety, MOST (China)
Collaborative Innovation Platform for Smart River, MOT (China)
CY TUNG, International Centre for Maritime Studies (China)

Co-organized by:

Wuhan University of Technology, Wuhan, China
Liverpool John Moores University, Liverpool, UK

ABOUT ICTIS

International Conference on Transportation Information and Safety (ICTIS) was initiated and sponsored by **China Communications and Transportation Association (CCTA)**, **American Society of Civil Engineers (ASCE)** and **Canadian Society for Civil Engineering (CSCE)** in 2011 and aims at improving the efficiency, safety, reliability and environment friendly of transport systems. ICTIS is held every two years by **Wuhan University of Technology (WUT)** and has been successfully held in 2011, 2013, 2015 in Wuhan, China and in 2017 in Banff, Canada, respectively. More information about the history of ICTIS can be found at <http://ictis.whut.edu.cn/>. Over the last four conferences, their proceedings have accepted 1054 papers, and all of the accepted papers have been published and indexed by **EI**. Excellent papers have been published or recommended for publication in International Journals: **Journal of Civil Engineering**, **Journal of Transportation Engineering**, **Journal of Intelligent and Connected Vehicles**, etc. The ICTIS conferences have inspired many interesting research exchanges and discussions and more and more universities and organizations working in the fields of road, waterway, railway and air transportation and related disciplines are joining the conferences of ICTIS.

The forthcoming 5th ICTIS will be held during July 14-17, 2019, Liverpool, UK. For more details about ICTIS 2019 conference, please visit the ICTIS 2019 website at <http://ictis.whut.edu.cn/>. Please contact ICTIS 2019 secretary by Email: ictis@whut.edu.cn if you have any suggestions or questions.

PAPER SUBMISSION AND REVIEW

The working language of the conference is English. Authors are invited to submit abstracts and full papers in English (<https://cmt3.research.microsoft.com/ICTIS2019>).

Submitted abstracts should not exceed 300 words. The length of paper is 6-8 pages, and must be written strictly in accordance with the format of IEEE (The template can be downloaded from <https://www.ieee.org/content/dam/ieee-org/ieee/web/org/conferences/Conference-template-A4.doc>). The authors must ensure the submitted abstracts and papers are original and unpublished. Plagiarisms and intellectual property disputes will not be tolerated in ICTIS 2019. Submitted abstracts and full papers will be reviewed by experts in the relevant fields.

PAPER PUBLICATION

The accepted papers will be published by the Institute of Electrical and Electronics Engineers (IEEE) and will be indexed by Engineering Index (EI). Furthermore, selected papers from this conference will be recommended for publishing in SCI or SSCI Journals such as **Canadian Journal of Civil Engineering**, **Journal of Transportation Engineering**.

IMPORTANT DATES

Deadline for Submission of Abstracts (Extended)	November 1, 2018
Notification of Accepted Abstracts	November 30, 2018
Deadline for Submission of Full Papers (Extended)	January 31, 2019
Notification of Accepted Full Papers	March 15, 2019
Deadline for Submission of the Revised Version	April 30, 2019
Conference	July 14-17, 2019

CONFERENCE SESSIONS

ICTIS 2019 will facilitate in-depth discussions about infrastructure, data collection, processing and applications of technologies and at the same time, promote exchanges related to the theory, analyzing methods and risk preventive measures for **Sustainable, Smart and Safe Transport**.

- ☐ **Intelligent Transportation Systems (ITS)**
Session Chair: **Dr. YUAN, Quan**, Associate Professor, Tsinghua University, China.
- ☐ **Autonomous and Connected Vehicles**
Session Chair: **Dr. TIAN, Daxin**, Professor, Beihang University, China.
- ☐ **Autonomous Surface Ships**
Session Chair: **Dr. LIU, Jialun**, Associate Professor, Intelligent Transportation Systems Research Center, Wuhan University of Technology, China.
- ☐ **Land Use and Transportation Planning**
Session Chairs: **Dr. HUNT, John**, Professor, University of Calgary, Canada.
Dr. ZHONG, Ming, Professor, Intelligent Transportation Systems Research Center, Wuhan University of Technology, China.
- ☐ **Traffic Control Theories and Methods**
Session Chair: **Dr. HAN, Ke**, Associate Professor, Center for Transport Studies, Imperial College London, UK.
Dr. MA, Wanjing, Professor, College of Transportation Engineering, Tongji University, China.
- ☐ **Traffic Safety and Driving Behavior**
Session Chairs: **Dr. XIE, Kun**, Associate Professor, University of Canterbury, New Zealand.
Dr. CHEN, Feng, Associate Professor, Tongji University, China.
- ☐ **Reliability and Green Technology for Ships**
Session Chairs: **Dr. BUCKNALL, Richard**, Professor, University College London, UK.
Dr. YUAN, Chengqing, Professor, School of Energy and Power Engineering, Wuhan University of Technology, China.
- ☐ **Traffic Flow and Pedestrian Flow Dynamics**
Session Chairs: **Dr. WONG, S.C.**, Professor, Department of Civil Engineering, University of Hong Kong, China.
Dr. MA, Jian, Professor, School of Transportation and Logistics, Southwest Jiaotong University, China.
- ☐ **Artificial Intelligence in Transportation**
Session Chairs: **Dr. QU, Xiaobo**, Professor, Chair of Urban Mobility Systems, Department of Architecture and Civil Engineering, Chalmers University of Technology, Gothenburg, Sweden
Dr. HU, Zhaozheng, Professor, Intelligent Transportation Systems Research Center, Wuhan University of Technology, China.
- ☐ **Transport and Environments**
Session Chair: **Dr. GE, Yingen**, Professor, Shanghai Maritime University, China.
- ☐ **Water Transport Safety: Theory and Technology**
Session Chair: **Dr. WANG, Yuhong**, Professor, Ningbo University, China.
- ☐ **Salvage and Underwater Technology**
Session Chair: **Dr. SUN, Changle**, Professor, Dalian Maritime University, China.
- ☐ **Railway Safety: Theory and Technology**
Session Chair: **Dr. WANG, Yanhui**, Professor, School of Traffic and Transportation, Beijing Jiaotong University, China.
- ☐ **Aviation Safety: Theory and Technology**
Session Chairs: **Dr. LU, Chien-tsung**, Associate Professor, Purdue University, USA.
Dr. SUN, Ruishan, Professor, Research Institute of Civil Aviation Safety, Civil Aviation University of China, China.
- ☐ **Accident Prevention and Emergency Response**
Session Chair: **Dr. ZHANG, Di**, Professor, Intelligent Transportation Systems Research Center, Wuhan University of Technology, China.

1st ICTIS 2011

2nd ICTIS 2013

3rd ICTIS 2015

4th ICTIS 2017

SPECIAL SESSIONS

ICTIS 2019 will collaborate with top institutions around the globe to organize the following special sessions:

◆ Behavioural Maritime Safety

Dr. LU, Chin-Shan, Professor, Hong Kong Polytechnic University, Hong Kong SAR, China.

Dr. YIP, TSZ Leung, Associate Professor, Hong Kong Polytechnic University, Hong Kong SAR, China.

◆ Reliability and Safety Engineering and Technology for large maritime engineering systems

Dr. WANG, Jin, Professor, Liverpool Loom Research Institute, Liverpool John Moores University, UK.

◆ Research Network on Emergency Resources Supply Chain

Dr. REN, Jun, Reader, Department of Marine and Mechanical Engineering, Liverpool John Moores University, UK.

ACADEMIC COMMITTEE

Honorary Chairman

PRICE, William Geraint, *Fellow of the Royal Society and the Royal Academy of Engineering, Foreign Fellow of the Chinese Academy of Engineering*, Professor, University of Southampton, UK.

Chairman

GUEDES SOARES, Carlos, *Portuguese Academy of Engineering*, Professor, Center for Marine Technology and Ocean Engineering, University of Lisbon, Portugal.

Co-Chairmen

FU, Liping, Professor, Department of Civil Engineering, University of Waterloo, Canada.

LI, Huajun, *Academician of Chinese Academy of Engineering*, Professor, Ocean University of China, China.

MOSLEH, Ali, *Member of US National Academy of Engineering*, Professor, University of California, Los Angeles, USA.

RILETT, Laurence R., Professor, Department of Civil Engineering, University of Nebraska- Lincoln, USA.

Members

BEER, Michael, Professor, Leibniz University Hannover, Germany.

BUCKNALL, Richard, Professor, University College London, UK.

CHEN, Feng, Associate Professor, Tongji University, China.

CHU, Xiumin, Professor, Intelligent Transportation Systems Research Center, Wuhan University of Technology, China.

DAVIES, Paul, Technical Manager, Lloyds Register, UK.

DONG Jingxin, Professor, Newcastle Management School, Newcastle University

FORTINO, Giancarlo, Professor, University of Calabria, Italy.

GE, Yingen, Professor, College of Transport & Communications, Shanghai Maritime University, China.

HAN, Ke, Associate Professor, Center for Transport Studies, Imperial College London, UK.

HAUGEN, Stein, Professor, Department of Marine Technology, Norwegian University of Science and Technology (NTNU), Norway.

HU, Zhaozheng, Professor, Intelligent Transportation Systems Research Center, Wuhan University of Technology, China.

HUNT, John Douglas, Professor, University of Calgary, Canada.

JIA, Limin, Professor, Institute of Intelligent Transportation System and Safety Technology, Beijing Jiaotong University, China.

KOSTOGRYZOV, Andrew I., Honored Science Worker of the Russian Federation, Research Institute of Applied Mathematics and Certification, Russia.

LAM, Jasmine, Associate Professor, School of Civil Engineering, Nanyang University of Technology, Singapore.

LEI, Chengwang, Professor, University of Sydney, Australia.

LI, Wenfeng, Professor, School of Logistics Engineering, Wuhan University of Technology, China.

LI, Zongzhi, Professor, Illinois Institute of Technology, USA.

LIU, Guoxin (Andrew), Adjunct Professor of Engineering, University of Regina, Canada.

LIU, Henry, Professor, Civil and Environmental Engineering, University of Michigan, USA.

LIU, Jingxian, Professor, School of Navigation, Wuhan University of Technology, China.

LIU, Yiliu, Associate Professor, NTNU, Norway.

MA, Jian, Professor, School of Transportation and Logistics, Southwest Jiaotong University, China.

MA, Wanjing, Professor, College of Transportation Engineering, Tongji University, China.

MENG, Qiang, Professor, Department of Civil Engineering, National University of Singapore, Singapore.

MIYAMOTO, Kazuaki, Professor, Tohoku University, Japan.

MOHAMED, Abdel-Aty, P.E., Professor, University of Central Florida, USA.

MONTEWKA, Jakub, Professor, Gdynia Maritime University, Poland.

OSIRIS, Valdez Banda, Research Fellow, Aalto University, Finland.

OZKAN, Turker, Associate Professor, Department of Psychology, Middle East Technical University, Ankara, Turkey.

PAPAGEORGIOU, Markos, Professor, Technical University of Crete, Greece.

PATELLI, Edoardo, Senior Lecturer, Institute for Risk and Uncertainty, Liverpool University, UK.

PENG, Zhongxiang, Professor, University of New South Wales, Australia.

RAMUDHIN, Amar, Professor and Director of the Logistics and Humber Development Institute, Hull University, UK.

RAN, Bin, Professor, Department of Civil and Environmental Engineering, University of Wisconsin - Madison, USA.

REN, Jun, Professor, Liverpool LOOM Research Institute, Liverpool John Moores University, UK.

SHARMA, Satish, Professor, University of Regina, Canada.

SONG, Dongping, Professor, Management School, University of Liverpool, UK.

SUN, Changle, Professor, Dalian Maritime University, China.

SUN, Ruishan, Professor, Research Institute of Civil Aviation Safety, Civil Aviation University of China, China.

TAY, Richard, Professor, Faculty of Law and Management, La Trobe University, Australia.

THEOTOKATO, Gerasimos, Reader of Safety of Marine Systems, Strathclyde University, UK.

TIAN, Daxin, Professor, Beihang University, China.

TSAI, Yichang (James), Professor, School of Civil and Environmental Engineering, Georgia Institute of Technology, USA.

WANG, Jin, Professor, Liverpool LOOM Research Institute, Liverpool John Moores University, UK.

WANG, Yanhui, Professor, School of Traffic and Transportation, Beijing Jiaotong University, China.

WANG, Yuhong, Professor, Ningbo University, China.

WANG, Yunpeng, Professor, School of Transportation Science and Engineering, Beijing University of Aeronautics & Astronautics, China.

WONG, S.C., Professor, Department of Civil Engineering, University of Hong Kong, China.

WU, Bing, Assistant Professor, Intelligent Transportation Systems Research Center, Wuhan University of Technology, China.

WU, Chaozhong, Professor, Intelligent Transportation Systems Research Center, Wuhan University of Technology, China.

YANG, Xiaoguang, Professor, School of Transportation Engineering, Tongji University, China.

YANG, Zaili, Professor, Liverpool LOOM Research Institute, Liverpool John Moores University, UK.

YEO, Gitae, Professor, School of Logistics, Incheon National University, South Korea.

YIP, TSZ Leung, Associate Professor, Hong Kong Polytechnic University, China.

YI, Ping, Professor, Department of Civil Engineering, University of Akron, USA.

YING, Jiangqian, Professor, Department of Regional Policy, Gifu University, Japan.

YUAN, Chengqing, Professor, School of Energy and Power Engineering, Wuhan University of Technology, China.

YUAN, Quan, Associate Professor, Tsinghua University, China.

ZHANG, Cunbao, Professor, Intelligent Transportation Systems Research Center, Wuhan University of Technology, China.

ZHANG, Weibin, Research Engineer, California PATH, Institute of Transportation Studies, University of California Berkeley, USA.

ZHANG, Yi, Professor, Department of Automation, Tsinghua University, China.

ZHONG, Ming, Professor, Intelligent Transportation Systems Research Center, Wuhan University of Technology, China.

ORGANIZATION COMMITTEE

Chairman

YAN, Xinping, Chair Professor and Director, National Engineering Research Center for Water Transport Safety, Wuhan University of Technology, China.

Co-Chairmen

LU, Meng, Vice President-Conference Activities, ITS Society, IEEE and Dynniq, Netherlands.

WANG, Jin, Professor, Liverpool LOOM Research Institute, Liverpool John Moores University, UK.

YANG, Zaili, Professor, Liverpool LOOM Research Institute, Liverpool John Moores University, UK.

YI, Ping, Professor, Department of Civil Engineering, University of Akron, USA.

ZHANG Di, Professor, National Engineering Research Center for Water Transport Safety, Wuhan University of Technology, China.

Members

BASHIR, Musa, Senior Lecturer, Department of Marine and Mechanical Engineering, Liverpool John Moores University, UK.

BLANCO-DAVIS, Eddie, Senior Lecturer, Department of Marine and Mechanical Engineering, Liverpool John Moores University, UK.

CAMERON, Kelly, Researcher, LOOM, Department of Marine and Mechanical Engineering, Liverpool John Moores University, UK.

CHANG, Chia-Hsun, Senior Lecturer, Department of Marine and Mechanical Engineering, Liverpool John Moores University, UK.

CHEN, Deshan, Assistant Professor, Intelligent Transportation Systems Research Center, Wuhan University of Technology, China.

FAN, Ailong, Lecturer, School of Energy and Power Engineering, Wuhan University of Technology, China.

HASSAN, Shamsudeen, Researcher, Department of Marine and Mechanical Engineering, Liverpool John Moores University, UK.

HE, Yi, Assistant Professor, Intelligent Transportation Systems Research Center, Wuhan University of Technology, China.

JIANG, Zhonglian, Assistant Professor, Intelligent Transportation Systems Research Center, Wuhan University of Technology, China.

KONTOVAS, Christos, Senior lecturer, Department of Marine and Mechanical Engineering, Liverpool John Moores University, UK.

LIU, Jialun, Assistant Professor, Intelligent Transportation Systems Research Center, Wuhan University of Technology, China.

LIU, Kezhong, Professor, School of Navigation, Wuhan University of Technology, China.

LOUGHNEY, Sean, Research Fellow, Department of Maritime and Mechanical Engineering, Liverpool John Moores University, UK.

LU, Yu, Administrative Assistant, Intelligent Transportation Systems Research Center, Wuhan University of Technology, China.

REN, Jun, Reader, Department of Marine and Mechanical Engineering, Liverpool John Moores University, UK.

SHAW, Edward, Researcher, Department of Marine and Mechanical Engineering, Liverpool John Moores University, UK.

SYMES, Stephen, Researcher, Department of Marine and Mechanical Engineering, Liverpool John Moores University, UK.

XU, Kun, Executive Editor, Journal of Transportation Information and Safety, China.

YANG, Yang, Research Fellow, Department of Maritime and Mechanical Engineering, Liverpool John Moores University, UK.

YANG, Zaili, Professor, Department of Marine and Mechanical Engineering, Liverpool John Moores University, UK.

YU, Qing, Researcher, School of Navigation, Wuhan University of Technology, China.

ZHANG, Hui, Associate Professor, Intelligent Transportation Systems Research Center, Wuhan University of Technology, China.

ZHANG, Guangming, Reader, Department of Maritime and Mechanical Engineering, Liverpool John Moores University, UK.

ZHANG, Jinfen, Associate Professor, Intelligent Transportation Systems Research Center, Wuhan University of Technology, China.

IEEE

ICVES 2019

IEEE International Conference on Vehicular Electronics and Safety

September 04 - 06, 2019

Cairo, Egypt

Committees

Steering Committee

Paul J. Kuehn, University of Stuttgart, IKR, Stuttgart, Germany.

Cristina Olaverri, Johannes Kepler University, Linz, Austria.

Meng Lu, Dynniq Nederland B.V., Amersfoort, The Netherlands.

Ahmed Hussein, IAV GmbH, Berlin, Germany.

Organizing Committee

Omar M. Shehata, General Chair, GUC/ASU, Cairo, Egypt.

Fernando García, General Co-Chair, UC3M, Madrid, Spain.

Abdulla Al-Kaff, Program Chair, UC3M, Madrid, Spain.

Eman Azab, Local Organization Chair, GUC, Cairo, Egypt.

Maggie Mashaly, Workshops/Tutorials Chair, GUC, Cairo, Egypt.

Catherine Elias, Finance Chair, GUC, Chair, Cairo, Egypt.

Ahmed Halim, Finance Co-Chair, GUC, Chair, Cairo, Egypt.

Amr Talaat, Publication Chair, SSTM Egypt Limited, Cairo, Egypt.

Lamia Shihata, Registration Chair, GUC, Cairo, Egypt.

Arsany Youssef, Social Media Chair, GUC, Cairo, Egypt.

Scope

The 21th IEEE International Conference on Vehicular Electronics and Safety (ICVES'2019) is an annual forum sponsored by the IEEE Intelligent Transportation Systems Society (ITSS). It is the premier interdisciplinary platform for the presentation of new advances and research results in the fields of intelligent vehicular electronics and safety. It brings together leading academic scientists, researchers and scholars in the domain of interest from around the world.

Topics

Authors are invited to submit papers that fall into the area of vehicular electronics and safety. Topics of interest include, but are not limited to, the following:

- Active & Passive Safety Systems
- Telematics
- Vehicular Power Networks
- X-By Wire Technology
- System-On-a-Chip
- Vehicular Sensor
- On-Vehicle Sensor Networks
- Embedded Operating Systems
- Electro Magnetic Compatibility
- Inter-Vehicular Communication
- Vehicle Testing
- Navigation & Localization Systems
- Vehicular Measurement Technology
- Vehicular Signal Processing
- Micro-electromechanical Systems
- Image Sensor
- Vehicle/Engine Control
- Driver Assistance Systems
- Adaptive Cruise Control Systems
- Pattern Recognition for Vehicles
- Multi-Vehicle Systems
- Vehicle-to-X Coordination and Control

Paper Submission

Prospective authors are required to submit their manuscripts electrically through EDAS. Submitted papers shall not exceed six pages as a PDF file in IEEE two column format. Please use the templates at Manuscript Templates for Conference Proceedings available from the conference website to prepare your paper. All presented papers will be published by the IEEE and the conference proceedings will be submitted to the IEEE Xplore® digital library.

Important Dates

Submission Deadline

25th of May 2019

Notification Deadline

1st of July 2019

Camera-ready Deadline

22nd of July 2019

IPIN 2019

TENTH INTERNATIONAL CONFERENCE ON
INDOOR POSITIONING
AND INDOOR NAVIGATION
30 September - 3 October 2019, Pisa, Italy

Technically co-sponsored by

Call for papers

The tenth edition of the International conference on Indoor Positioning and Indoor Navigation and the sixth IPIN Competition are taking place in Pisa, Italy. Launched in 2010 in Zurich, Switzerland, IPIN is a unique event entirely dedicated to indoor localisation, its applications and its development.

Join the 400 expected industrial and academic experts in informatics, electronics and surveying to address this challenge. Discuss in person scientific and industrial matters, witness state-of-the-art systems and methods, participate in the uniquely challenging IPIN competition and enjoy the ancient town of Pisa and beautiful Tuscany.

IPIN solicits submission of high quality technical papers reporting original work not previously published, nor currently submitted for consideration elsewhere. Papers are submitted as one of two types:

- Regular paper: limited to 8 IEEE format pages, for oral presentation
- Work-in-Progress (WiP) paper: from 5 to 8 LNCS format pages, for poster or oral presentation

Paper submission instructions are found at <http://ipin2019.isti.cnr.it>. Papers undergo peer reviewing and, once accepted, are included in the conference proceedings by submitting WiP papers to [CEUR-WS](#) and regular papers to [IEEE Xplore Digital Library](#).

Topics of interest include:

- User requirements
- UI, indoor maps and 3D building models
- Human motion monitoring and modelling
- Robotics and UAV
- Indoor positioning and tracking methods
 - AoA, TOF, TDOA based localisation

- RSSI, magnetic fingerprinting
- PDR, IMU and hybrid systems
- UWB, ultrasound, optical systems
- RFID, radar, device-free systems
- Mapping, SLAM
- Frameworks for hybrid positioning
- Cooperative, machine learning systems
- Seamless systems
 - HS-GNSS, indoor GNSS, pseudolites
 - RTK GNSS with handheld devices
 - Mitigating GNSS error switching to indoor
- Industrial metrology & geodetic systems, iGPS
- Self-contained sensors
- Wearable and multi-sensor systems
- Privacy and security for ILS
- Location-based services and applications
- Health and wellness applications
- Benchmarking, assessment, evaluation, standards

Special sessions on Evaluation and Machine learning.

The sixth **IPIN Competition** will take place the days before the conference in Pisa, in the [Pisa CNR Area](#), following the traditional format with both on-site and off-site tracks.

The conference includes **keynotes**, **tutorials** and **industry exhibitions**. Confirmed keynote speakers include Nader Moayeri and Neal Patwari.

We are at <http://ipin2019.isti.cnr.it> and on Twitter [@ConferenceIpIn](#)

Important Dates

Paper submission (extended):	10-May 26 May
Notification of acceptance:	30 June
Camera-ready:	21 July

The 2019 IEEE International Conference on Service Operations and Logistics and Informatics (SOLI 2019) will be held on October 11-13, 2019 in Zhengzhou, Henan Province, China. This conference is sponsored by IEEE Intelligent Transportation Systems Society (ITSS), jointly co-organized by IEEE Council on RFID (CRFID), Qingdao Academy of Intelligent Industries (QAI), IEEE SMC Technical Committee on Social Computing and Social Intelligence, IFAC Economic, Business, and Financial Systems (TC 9.1), China Association of Artificial Intelligence-Technical Committee on Social Computing and Social Intelligence, Chinese Academy of Management-Technical Committee on Parallel Management, ACM Beijing Chapter on Social and Economic computing, INFORMS Beijing Chapter, Qingdao Association of Artificial Intelligence, Qingdao Association of Automation, and organized by Chinese Association of Automation (CAA). The theme of the conference is

"Openness, Sharing, Green and Intelligence".

Service science, service operations, logistics, and informatics are playing an increasingly important role in today's world economy. Information and communications technology provides cyber-infrastructure and platforms to achieve more efficient and productive services operations. Meanwhile, new types of service offerings and products are emerging in large numbers, and service operation ecosystems with characteristics of openness, sharing, green and intelligence are gradually taking shape.

The IEEE Service Operations and Logistics, and Informatics (SOLI) conference series aim to bring together industrial engineers and researchers of the field of Service science, service operations, logistics, and informatics, and provide a prime international platform for researchers, industry practitioners and domain experts to exchange their latest fundamental advances in service operations related areas.

The best papers in this conference will be recommended to be extended and submitted as journal articles to IEEE/CAA Journal of Automatica Sinica, IEEE Transactions on Computational Social Systems.

Topic Interest include (but not limited to the following):

- Service Design, Engineering, Operations, and Innovations
- Service Delivery and Operations
- Mobile Internet, Cyber-Physical-Social Systems
- Logistics & Supply Chain Management
- Intelligent Transportation Systems (ITS)
- Big Data & Sensors and Sensing Network for Smart City
- Artificial Intelligence in Logistic and Sensing Network
- Autonomous Vehicle Technologies
- Smart Home Technologies & Intelligent Robotics
- Service/Event Management & Manufacturing
- Blockchain and distributed artificial intelligence
- Social computing and social intelligence
- Information & Communications Technology and Systems
- RFID Technology & Application
- Cloud Computing and the Internet of Things
- Electronic Commerce & Knowledge Management and automation
- Business Modelling, Monitoring & Management

Important Dates:

Paper submission deadline: July 15, 2019

Notification of Acceptance: August 15, 2019

Final Submission deadline: August 30, 2019

Instructions for Submission:

The manuscript should have authenticity and originality, and has not been published or simultaneously submitted to somewhere else. The length of the paper is no more than 6 pages with IEEE conference templates (<https://www.ieee.org/conferences/publishing/templates.html>). For more details, please visit the conference website <http://www.caa.org.cn/soli2019/index.html>. Question can be directed to caa@ia.ac.cn.

Note: The papers will be submitted for inclusion to IEEE Xplore, and accepted papers that are not PHYSICALLY presented will be excluded from the IEEE Xplore.

SUBMISSION PROCESS & DEADLINES

June 26, 2019
Special Session and Tutorials Proposal
Deadline

June 7, 2019
Full Paper Submission

July 19, 2019
Review Notification (Accept, Reject, Accept
with Minor Revisions)

August 5, 2019
Final Notification Deadline (Accept or Reject)

August 9, 2019
Final Manuscript Submission for ALL papers
(Final Manuscript, Copyright Form, Author
Registration)

Connected and Automated Vehicles (CAVs) are seen as game changers and key enabling technologies that considerably will shape our society and will influence future transportation modes and quality of life, altering the face of mobility as we experience it by today. By connecting and automating vehicles we are able to make our mobility safer, faster, cheaper, cleaner, and more enjoyable.

The **2019 IEEE ICCVE** – International Conference on Connected Vehicles and Expo – held in **Graz, Austria** is the brand-new application-driven flagship conference of the IEEE Instrumentation and Measurement Society and is the world's premier conference in that field to bridge the automated vehicle gap: **Science and Technology, Consumer Trust, Homologation and Liability**. Experts, researchers, practitioners, and policymakers from all around the world will present the latest innovations and advances on CAVs, share the experience and insights, forecast the trends and opportunities, and discuss the policy, economics and social implications.

IEEE ICCVE is proposed as a catalyst to promote interactions between industry and academia – a wide spectrum of academic research results will be presented, with potential practical applications in current industrial technology, as well as industry-driven developments.

The conference focuses on all aspects related to research, development, and applications of vehicle connectivity and autonomy. Topics of interest include, but are not limited to:

- Advances in Sensors, Signal Processing, Data Fusion, and Instrumentation of CAVs
- Sensor Simulation and Stimulation (Radar, Lidar, Camera, Ultrasonic, Infrared...)
- Active Perception Architectures and Implementations
- Vehicle Navigation and Situational Awareness
- Vehicle Control (adaptive, fuzzy, cooperative, neuro, emergent paradigms)
- Multi-vehicle Cooperation, Connected Vehicles, Platooning
- Fault-tolerant Algorithms and Fail-operational Architectures
- Real-time Computational Paradigms and Architectures
- Computational and Artificial Intelligence (AI)
- Dependable High Performance Computing (in-vehicle, cloud, fog)
- Cooperative Intelligent Transport Systems (C-ITS)
- Wireless Communications and Vehicular Networking
- Hybrid Simulation and Empirical Testing Paradigms (X-in-the-loop)
- Scenario-based Risk Assessment
- Active Safety and Vulnerable Road Users Protection
- Radical new CAV Concepts
- Virtual Homologation, Validation, and Test of AI-powered CAVs
- Safety Assurance, Cybersecurity, Reliability, Certification
- Applications from different Domains (Automotive, Offroad, Maritime, Avionics...)
- Shared Mobility: from Technology to Business
- Practices, Recommendations, and Standards in CAVs
- Policy, Economics, and Social Implications of CAVs

Many other new initiatives and opportunities to encourage your active participation in the conference are planned, and will make 2019 IEEE ICCVE a vibrant event to meet with people working in the field of connected and automated vehicles.

Visit the conference website as well as Facebook and LinkedIn pages for each specific call and additional news.

Conference Calendar

IEEE Intelligent Transportation Systems Society's Sponsored Conferences

- **2019 IEEE Intelligent Vehicles Symposium (IV'19)**
June 9-12, 2019
Paris, France
<http://www.iv2019.org/>
- **IEEE/ASME International Conference on Mechatronic and Embedded Systems and Applications (MESA)**
<http://mesa2018.org/>
Submission due for the next event: To be determined
- **The ASME 2019 International Design Engineering Technical Conferences & Computers and Information in Engineering Conference (IDETC/CIE 2019)**
August 18-21, 2019
Anaheim, CA, USA
<https://event.asme.org/IDETC-CIE>
- **IEEE 22nd IEEE International Conference on Intelligent Transportation Systems (ITSC 2019)**
October 27-30, 2019
Auckland, New Zealand
<https://www.itsc2019.org/>
- **2019 IEEE International Conference on Vehicular Electronics and Safety (ICVES'2019)**
September 04-06, 2019
Cairo, Egypt
<http://www.icves2019.org/>
Submission due by: May 15, 2019
- **IEEE International Conference on Service Operations and Logistics, and Informatics (SOLI)**
<http://2018.ieee-soli.org/>
Submission due for the next event: To be determined

- **IEEE Forum on Integrated and Sustainable Transportation Systems**

June 30-July 2, 2020

Delft, Netherlands

<http://forum-ists2020.org/>

Submission due: December 2019

- **The 4th International Conference on Universal Village (UV2018)**

<http://www.universal-village.org/>

Submission due for the next event: To be determined

- **7th IEEE International Conference on Advanced Logistics and Transport (ICALT)**

June 14-16, 2019

Marrakech, Morocco

<http://icalt.org/2019/>

- **IEEE International Conference on Intelligent Rail Transportation (IEEE ICIRT)**

<https://www.ieee-icirt2018.com/>

Submission due for the next event: To be determined

- **IEEE Intelligent Conference on Intelligence and Security Informatics (ISI)**

July 1-3, 2019

Shenzhen, China

<http://www.isi-conf.org/>

- **IEEE Vehicular Networking Conference (VNC)**

December 4-6, 2019

<http://www.ieee-vnc.org/>

Submission due: To be determined

Other Conferences

- **SAE CyberAuto Challenge**

July 21-26, 2019

Warren, MI, USA

<http://www.sae.org/events/cyberauto/>

- **The 23rd International Symposium on Transportation and Traffic Theory (ISTTT23)**

July 24-26, 2019

Lausanne, Switzerland

<https://isttt23.sciencesconf.org/>

- **NRITS National Rural ITS Conference**
July 21-24, 2019
Austin, TX, USA
<https://www.ite.org/events-meetings/2019-joint-ite-international-and-texas-district-annual-meeting-and-exhibit/>
- **IEEE 89th Vehicular Technology Conference: VTC2019-Spring**
Kuala Lumpur, Malaysia
<http://www.ieeevtc.org/vtc2019spring/>
- **IEEE Multi-Conference on Systems and Control**
<http://www.ieeecss.org/conferences>
- **IEEE/RSJ International Conference on Intelligent Robots and Systems (IROS 2019)**
November 4-8, 2019
The Venetian Macao, Macau, China
<https://www.iros2019.org/>
- **26th ITS World Congress**
October 21-25, 2019
Singapore
<https://itsworldcongress2019.com/>
- **Seminars and Dagstuhl Perspectives Workshops 2019**
<https://www.dagstuhl.de/en/program/calendar/>
- **VISIGRAPP 2020: 15th International Joint Conference on Computer Vision, Imaging and Computer Graphics Theory and Applications**
February 27-29, 2020
Valletta, Malta
<http://www.visigrapp.org>
- **The 8th IEEE International Conference on Connected Vehicles and Expo (ICCVE)**
November 4-8, 2019
<http://www.iccve2019.com/>
Graz, Austria
- **Intertraffic Amsterdam 2020**
April 21-24, 2020
Amsterdam, Netherlands
<http://www.intertraffic.com/amsterdam/>

- **SAE World Congress Experience**

Detroit, Michigan, USA

<https://www.sae.org/attend/wcx/>

- **6th International Conference on Vehicle Technology and Intelligent Transport Systems (VEHITS 2020)**

May 2-4, 2020

Prague, Czech Republic

<http://www.vehits.org/>

Submission due by: Dec 13, 2019

- **IEEE International Conference on Robotics and Automation (ICRA 2019)**

Montreal, Canada

<https://www.icra2019.org/>

- **20th International Conference on Image Analysis and Processing**

September 9-13, 2019

Trento, Italy
