

ACCELERATE clearing®

ACCELERATE clearing® contains algae extract (red algae ahnfeltia concinna), which is an anti-inflammatory and provides a powerful peptide which help to normalize the skins moisture content. Salicylic acid serves as a keratolytic that exfoliates and decongests. Niacinamide, Vitamin B, derivative of niacin, aids in skin smoothing while improving skin barrier functions.

Skin Type:

Oily, blemished (or for any skin type with blemishes)

How to use:

Professional Use

Apply 1-2 drops on blemishes during traditional and technology services.

Home Use

Apply 1-2 drops on areas with blemishes after using CLEANSE, EXFOLIATE, and TONE. Follow with the bt-ceuticals® regimen for oily/blemished skin.
