

### Platinum Brightening Cream®

Platinum Brightening Cream® is an effective product for use on areas of hyperpigmentation and for dry dehydrated skin. Vitamins C and Vitamin E offer antioxidant benefits, and sodium hyaluronate acts as a humectant to reduce trans-epidermal water loss and help improve barrier functions.

---

#### **Skin Type:**

Dry, Photo damaged skin

#### **How to Use:**

##### **Professional Use:**

Apply Platinum Brightening Cream® in areas with dark color or to the entire face as needed. Use with all traditional facials for brightening and to even out skin tone.

##### **Home Use:**

Apply to areas of dark color, on the face, neck, and décolleté. Follow with SHADE SPF 30 for day; and as final step at night.
