WHAT IS CANNABIS OIL WITH TURMERIC?

Cannabis and Turmeric make a great couple!

Turmeric is a perennial herbaceous plant of the ginger family. The active ingredient of turmeric, curcumin, is responsible for its powerful anti-microbial, cancer fighting and anti-inflammatory properties.

Combining Turmeric with the anti-inflammatory properties of Cannabis Oil creates a double power house of anti-inflammatory and cancer fighting benefits that may help with issues such as

- subdue epileptic attacks and grand mal seizures
- pains caused by arthritis
- may reduce cancer cell development
- improve cellular function
- help with joint pains
- may help relieve depression and anxiety
- blood sugar level balance

For localized pain relief, use Cannabis Oil with Turmeric topically

Cannabis Oil with Turmeric Facts:

- 100% all natural certified organic
- Safe for adults and children
- Co2 extraction
- Full Spectrum
- Gluten Free
- 0.75mg to 1.25mg of CBD per serving.

Suggested Use

As a dietary supplement, start by orally ingesting three (3) drops underneath tongue per day for the first week. After a week, increase dosage to nine (9) drops underneath tongue per day as needed. For topical use, apply three (3) drops to the affected area and rub in thoroughly.
