Tessa Whitlock is a certified Advance Care Planning facilitator who leads workshops throughout our region. ACP facilitators are instrumental in guiding participants through completion of an Advance Directive that is consistent with their healthcare goals, values, and beliefs. This thought-provoking, interactive workshop is for all adults age 18 and older. Advance care planning puts your voice at the center of your health care. FREE notary service is offered for those who complete their Advance Directive in the workshop. The Honoring Choices Pacific Northwest advance directive document is used in this workshop.
