

FOREST DRAPERY HARDWARE

FREIGHT POLICY

Damaged Goods

Immediately upon receipt, your order should be inspected for shortages, damages, and to insure that there is no concealed damage from shipping. Claims on damages or shortages must be made immediately. Please note on the Bill of Lading (BOL) or Delivery Receipt if there is any possibility of damage. If your driver requires a digital signature, please request an EXCEPTION NUMBER from the driver before signing. Black marks, holes, open ends, over-boxing, re-taping, torn boxes etc., constitutes damage or possible shortage. No concealed damage claims will be filed as they are automatically denied by all carriers. You will be responsible for damaged freight not properly noted on delivery receipt/BOL. Our policy is that we replace damaged products per the original order and ship via the original carrier. If your order is damaged in shipping, carriers require that ALL packing materials be kept in order for a representative to inspect the goods. You will be billed for any replacement cost if a freight claim is denied. If your freight is delivered to a freight forwarder, the freight forwarder is responsible for inspecting all items and noting any damage/shortages when shipment arrives to them. Once freight leaves the continental US, Forest is no longer liable for damages/shortages not properly noted by your freight forwarder.
