

Wildfire Planning Feedback

Introduction

The Uplands Management Group (UMG) is grateful for the large amount of input that has been provided to help with the development of the suite of documents that have been developed to assist with the planning and preparation for wildfire. The documents include: the Wildfire Risk assessment, the Wildfire Risk Scoresheet, the Wildfire Response Plan and the Wildfire Management Plan.

The UMG recognises that these documents need to be developed further and the Group will welcome feedback to allow the guidance to be refined. Proposals for revisions will be reviewed by the Group and published as required.
