Dear Honorable Judge Mr. Charles R. Norgle, Sr:

We are writing today because we have discovered a default judgement was entered against our client pertaining to case number 1:20-CV-07395.

Upon checking the court records and documents we discovered proof of no process service that was ever served and/or received by Mr. Jim Corbett.

We see according to the records that Plaintiff's counsel attempted a process service through the California Secretary of State for our legal entity #201803310465 with an address to the United States Post Office.

This document was returned to the sender or Secretary of State as seen in Exhibit #1 USPS tracking number 9414726699042177450942 and never seen nor received by Mr. Corbett therefore we kindly asked that you please dismiss this case without prejudice against our client.

Best Regards,

James Corbett  
President
